NO. 192—NINETY-FIRST YEAR | VICTORIA, BRITISH COLUMBIA, WEDNESDAY, JULY 27, 1949 | TWENTY PAGES

Mayor, Reeves Endorse Plan For Car Tests

Officials Say Station Needed Here As Toll of Accidents Mounts Daily

By GORDON FORBES

The move to establish a car-testing station in Victoria has been endorsed in principle by Mayor Percy E. George, Esquimalt Reeve A. I. Thomas, Saanich Reeve E. C. Warren, Clifford Horwood, president of the Victoria branch of the Garage and Motor Trades Association of British Columbia and Chief John A. McLellan.

Oak Bay Reeve Robert A. Wootton said the idea "certainly warrants investigation," and Ald. F. G. Mullinér, president of the Victoria Automobile Club, stated his organization is always behind any movement which will be of help to drivers and the public generally. He predicted that the testing station proposal will be discussed at the club's next meeting, as did Louis Michelin, immediate past president of the Victoria Automobile Dealers' Association.

Said Mayor George: "I am definitely in favor of car testing. It's obvious that 95 per cent of drivers have a sense of responsibility to the community and make every endeavor to keep their cars in safe operating condition.

"It's the others who have to be watched. At present we have no way of checking cars to make sure they are fit to travel on our streets."

The mayor pointed out that traffic problems and the cost of accidents and injuries is mounting daily as more cars crowd city streets. Victoria has a special problem, too, he said, because of the great number of visiting cars which come from the United States every year.

HELD CONFERENCE

He recalled that he had first proposed a testing station about one year ago and had gone to confer on the matter with Attorney-General Gordon Wismer.

Two matters remain to be settled, explained Mayor George. These were the method of financing the testing station and some arrangement with the surrounding municipalities.

It might be true that Victoria could insist that any car driver from outside might be compelled to have his car tested if it was to be operated in Victoria, the mayor continued. But he thought it would be in the interests of cordial relations among Greater Victoria municipalities to obtain their approval, at least in principle if not through direct participation in the financing and control of the scheme.

BOTHERSOME POINT

This is the point which a survey has disclosed is bothering reeves of outside municipalities. While generally in favor of the scheme, they hesitate to go all out for the proposal because there still is no definite plan laid out for financing of the project.

The Garage and Motor Trades' Association, one of the original movers of the plan, is still solidly behind the proposal, according to the group's president.

"With the rapid growth of the city and the increased traffic, it is vitally important to the safety of the public that cars and trucks be regularly checked and tested," declared Mr. Horwood.

Chief McLellan has stated that more and more accidents are occurring because of mechanical defects. In recent annual reports to the commission, the chief has recommended the establishment of a testing unit. He still thinks the proposal is sound.

OUTSTANDING SUCCESS

Vancouver's testing station has been an outstanding success, less than one car in 100 involved in accidents being defective. In Victoria the figure is far greater. The scheme was started ten years ago with the passage of a by-law with wide powers.

The testing bureau has power to impound cars if the owners fail to appear for tests or to rectify defects. The tests are compulsory and every vehicle must go through twice a year. Tests take only ten minutes and cost the car operator 75 cents, which covers the cost of operating the scheme and allows for writing off the cost of equipment. Vancouverites are overwhelmingly in favor of car testing.

DRIVERS IN FAVOR

Thinking Victoria motorists also favor the idea and random questions have shown that most drivers would like to have regular checks to assure themselves their cars are in good mechanical condition.

Apprehend Fugitives In Winnipeg

WINNIPEG, July 26 (CP). — Two prisoners who escaped from Stony Mountain Prison today were apprehended tonight in Winnipeg.

R.C.M.P. said that the men apparently were not armed. They gave up without a struggle. The arrests followed shortly after police located a stolen automobile, used by the two men to make their getaway from the prison, 18 miles northwest of Winnipeg, earlier tonight.

There were no further details.

The men, John Krywiarchuk, 42, alias Holland, and Peter Stefanoff, 30, were known to be heading for Winnipeg in the stolen automobile following their escape.

Agree to Cut Aid Plan Funds

WASHINGTON, July 26 (AP).—Democratic Senate leaders agreed today to slash $419,820,000 off the funds asked by President Truman for the Marshall Plan's second year.

They fought other changes which they claimed would "cripple" the European Recovery Program, however, and won 41 to 37 in their first Senate test on this issue.

The vote came on a proposal to cut $74,000,000 off the pending appropriation for the Economic Co-operation Administration.

Crash Injures Girl Cyclist

Daisy O'Sullivan, 20, 331 Niagara Street, suffered a fractured right leg and finger when she was knocked from her bicycle at the corner of Menzies and Niagara Streets late last night.

Miss O'Sullivan was cycling with a friend when she was in collision with a car driven by Joseph Sirdinski, 640 Hillside Avenue.

A second accident, earlier, sent six persons to hospital for examination. None were seriously hurt.

They were: Mrs. Anna Heal; Rosemary, ten; Josephine, eight; Geraldine, three; and Leo Heal, one; and Mr. George Connor, 812 Reed Street.

Cars driven by J. K. Power, 2937 Quadra Street, and John Heal, 1239 Sunnyside Place, were in collision at the corner of Quadra and Finlayson Streets.

Vessels Taxed by Heavy Holiday Traffic

—Photo by George Simpson.

As the tourist season reaches its peak here, facilities of the steamship lines handling traffic between Victoria and Mainland points are being taxed almost to the limit. Officials of the Black Ball Ferry Line, operators of the streamlined automobile ferry Chinook, report full car loads almost every day now. This photograph shows cars leaving the Chinook at the line's new Inner Harbor dock, while many other vehicles line up to catch the vessel on her outward trip. The Chinook carries more than 85 automobiles.

Constable "Alert," Tags Chief's Car

EVEN police chiefs can't avoid getting parking tickets, from Victoria's alert policemen.

Chief John A. McLellan came out of a downtown building yesterday to find a ticket fluttering under his car's windshield.

The constable on the beat, however, had a legitimate excuse—the chief recently was supplied with a new car, and all the constables aren't familiar with it.

The process of familiarization is expected to be speeded up.

Chief McLellan took it all in his stride, took the ticket off the windshield, doffed his hat to the embarrassed policeman and drove off.

BULLETINS

Forbids Ban

WARSAW, July 27 (Wednesday) (AP). — The Polish Government today forbade Roman Catholic priests from excommunicating any Pole belonging to the Communist Party. It denounced as an "act of aggression" against Poland the Vatican's decree threatening excommunication.

Locates Vessel

SEATTLE, July 26 (AP).—The Coast Guard reported tonight the cutter Balsam had located the disabled fishing boat Destiny after a search of more than 24 hours, and had taken her in tow.

Urges Care On Beaches

VANCOUVER, July 26 (CP). — A warning against swimming on Vancouver beaches as a precaution against polio infection was issued today by Dr. A. M. Menzies, assistant senior medical health officer.

Dr. Menzies, in a list of precautions to be taken against the disease, warned of the danger from polluted waters.

Government Stand On Strike Defended

LONDON, July 26 (CP). — Faced with opposition charges of "deplorable muddle," the Government today defended its conduct under the special emergency powers granted July 11 to deal with the London dock strike which ended Monday.

Meantime, the Beaverbrae—one of the two Canadian vessels over which the stevedores went on strike when the Canadian Seamen's Union blacklisted them—sailed tonight for Bremerhaven with most of the former C.S.U. strikers aboard.

TWO IN CUSTODY

Two of the eight strike leaders are in custody awaiting hearing August 3 on charges of causing grievous bodily harm to two of the Beaverbrae's crew members who did not support the walkout. Remanded until hearing are Gerald Doucette of Dartmouth, N.S., and Alan MacIsaac of Harbourview, N.S.

Awaiting repatriation are six other strike leaders who came to London in the Canadian ship 113 days ago. They are Joe McNeil, Bill Arland, Norman Wilson, Nick Carter, Paul Dahan and Gene Dellefontaine.

With the trouble over the Beaverbrae and Argomont ended, the King today sent messages to the House of Lords and the Commons, formally ending the national state of emergency. But the opposition still had plenty to say about the way it charged the Government had failed to make the best use of its emergency powers.

Sir John Anderson, National member for the Scottish Universities and Chairman of the Port of London Authority, led off with the charge that the Government had lost sight of the fundamental purpose of the Emergency Powers Act.

Home Secretary Chuter Ede replied that the arrangements the Government had made had resulted in the desired end that the men went back to work. The opinion of the Government's law officers had been that the emergency board was indeed empowered to overrule the Dock Labor Board.

Ede said he shared the "views expressed about irresponsibility, and to my mind wickedness, of some of the people who have engaged in these enterprises . . ."

"Two of them won't get out of this country just yet," he added. "I don't want to say any more because there is a case pending."

Ede blamed the strike on a group of men from Canada who, he said, set up an office in London towards the end of last year. This, he said, was before the Beaverbrae sailed from Canada.

These men closed the London office the day after the dockers decided to return to work, he said.

Reds Order Canton Taken By August 15

NANKING, July 26 (AP).—The Chinese Communist high command has ordered its armies to capture the Nationalist provisional capital of Canton before August 15, it was reported authoritatively today.

A general Red offensive in South China is rolling forward despite widespread floods which are hampering the advance. Red forces are driving through the rich "rice bowl" province of Hunan. Through it runs the main-line railway from Red-held Hankow to Canton.

(Nationalist garrison headquarters in Canton meanwhile proclaimed martial law in the refugee capital, effective Wednesday. The proclamation, along with a strict midnight-to-5 a.m. curfew, came as the Government military situation in Hunan was admitted deteriorating).

Communist leaders here are delaying organization of a new national government pending occupation of Canton.

Spanish Blast Fatal to 30

MADRID, July 26 (INS).—Thirty persons were reported killed and 60 taken to hospital today in the explosion of a powder depot at Tarancon, a Spanish village about 50 miles southeast of Madrid.

Authorities immediately launched a probe into the explosion but said they believed it was touched off by the burning sun that has baked much of Spain for recent weeks.

Worker Hurt By Tank Blast In City Plant

A fuel oil tank explosion at Pacific Sheet Metal Works Ltd., 1009 Yates Street, yesterday afternoon sent Robert Warren, 1785 Ross Street, to Royal Jubilee Hospital suffering from severe shock and facial cuts.

His condition last night was reported as satisfactory.

City police said Warren was giving the tank a routine test by using a compressor to blow air inside. One end of the tank blew off, striking Warren a glancing blow and smashing with great force onto the floor and into a large sliding door. The door was dislodged from its rollers by the impact.

NARROW ESCAPE

Nearby workmen said Warren would have been killed instantly if the flying piece of tank had struck anything but a glancing blow. The circular end of the tank was badly buckled.

He told police the air gauge registered only four pounds when the explosion occurred, although they are regularly tested up to ten pounds and will stand many times more.

Polio in B.C. Near Peak Of 1947 Epidemic Year

Poliomyelitis in British Columbia is nearing the peak established in 1947 when an epidemic swept the Province, the Provincial Health Department reported yesterday.

There are 59 cases in the Province, about the same number as recorded during a similar period in 1947, but well over the 1948 total of 47.

Vancouver is the centre of trouble with 45 cases. The others are widely scattered throughout the Province with five in Duncan, one in Saanich, two in Cranbrooke, one at Invermere, one in the Peace River, one at Abbotsford, one at Crescent Beach and one at Agassiz.

DEATH IN VANCOUVER

There has been one death this year, in Vancouver.

Poliomyelitis is also taking an increasing toll south of the border, an International News Service dispatch said yesterday.

It reported sparsely-populated Idaho in the grip of an epidemic with 102 cases.

Cases in Washington were reported nearly double those at this time last year.

Six have died in Idaho, the latest an 18-year-old Boise girl.

Lieutenant-Governor Donald S. Whitehead was notified by the State Health Department of 54 new cases this month with more expected to develop during August.

CITIES DISEASE CENTRES

Ada County (Boise) led with 17 new cases. Idaho Falls, Pocatello and Lewiston, the other major cities, are also disease centres.

In Washington State, 12 new polio cases were reported last week and 12 the preceding week.

In Oregon there were six cases reported last week but not more than one to a county. The State Board of Health took this to mean no epidemic exists in Oregon although the number of cases is above last year and above average.

Plan Third Parley On Atomic Secrets

Acheson and Johnson Meet With Senate-House Group

WASHINGTON, July 26 (AP). — Senator Brien McMahon (Dem. Conn.) today announced that a third high policy conference on sharing atomic secrets with Great Britain and Canada will be held in the Capitol tomorrow at 1.30 p.m., C.D.T.

The chairman of the joint Senate-House atomic committee said in a brief statement that the group will meet with State Secretary Acheson and Defence Secretary Johnson "to continue its consideration of foreign relations in the field of atomic energy."

The first conference was held July 14 at Blair House when President Truman called the Congressional, military, state and atomic leaders to a highly-secret discussion of the problem.

LARGER MEETING

This was fallowed by a larger meeting July 20 at the Capitol, the details of which also have been kept secret.

The issue of sharing United States advances in atomic knowhow with Britain is reported interwoven with the question of uranium supplies for the United States.

The two major sources of uranium now available to the United States are Canada and the Belgian Congo. The Congo mines are controlled by British interests.

One member of the joint committee, who asked not to be named, said during the week-end that unless some satisfactory agreement is worked out with Britain, the United States can't expect to get more than half of the Congo uranium in the future.

Several members of the committee have come out flatly against sharing United States atomic secrets with Britain or anyone else.

Senator Bourke Hickenlooper (Rep., Iowa), who has charged the United States Atomic Energy Commission with "incredible mismanagement," likewise has said that the United States must not be allowed to forfeit its lead in the atomic field by giving away its secrets.

A complaint that Chairman David E. Lilienthal of the A.E.C. backs a plan to give information to Britain by Presidential action is reported to have been one of the arguments Hickenlooper has used in pressing his charge.

Chief Law Answers Criticism

Saanich's usually easy-going fire chief, Joseph Law, is believed to have lashed out at statements made recently by Sydney Pickles, president of Ward Six Ratepayers' Association, in a hard-bitten, angry reply to criticisms of his department.

It was learned yesterday that Chief Law has submitted his report on the controversial issue, as requested recently by the council. The lengthy report is in the hands of John B. Tribe, municipal clerk, and each councillor has been forwarded a copy.

FINDS FAULT

The chief, it is expected, also has found fault with certain factors concerning the council. Exact nature of the chief's remarks in this matter could not be learned.

Chief Law refused to disclose the contents of his report, and Reeve E. C. Warren said it could not be made public until the council ruled on it at next Tuesday's regular council meeting. It is expected the council will deal with the report, probably in committee, and then call a meeting with the Ward Six ratepayers, who started the turmoil by questioning the efficiency of the municipal fire department.

Russians Protest Arrests

LONDON, July 26 (INS).—Radio Moscow disclosed tonight that Russia has accused Yugoslavia of arresting and torturing many Soviet citizens and has demanded their immediate release.

The Moscow broadcast reporting the new blast at Marshal Tito's Government said the arrested Soviet citizens, who were permanent residents of Yugoslavia, were imprisoned for long periods without trial.

The Soviet note delivered in Belgrade yesterday charged that the Soviet citizens suffered "completely intolerable prison regime torture" merely because Yugoslav authorities regarded them as supporters of friendly relations between the two countries.

The note added the Russians were subjected to "gross arbitrary acts, flogging and all kinds of insults" and were doomed to "starvation and illness."

Second Lengthy Battle On Steel Bill Adjourned

LONDON, July 27 (Wednesday) (CP).—The House of Commons adjourned unexpectedly early today without getting through 42 amendments remaining to be discussed on the bill to nationalize Britain's iron and steel industry.

It was thought earlier that the House would have another all-night sitting on the heels of the one of the previous night, when, ignoring a heat wave, Government leaders drove the House through a record session of 21 hours and 48 minutes. It ended just before noon yesterday and the House reassembled during the afternoon.

By then the big Labor maority had beaten down 16 of some 60 amendments tacked on the Government's bill by the largely-Conservative House of Lords.

The key amendment would have postponed nationalization until after elections for a new House of Commons, due about a year from now. It was beaten by 285 to 137 on the last vote before adjournment.

Home Secretary James Chuter Ede told the members that if they don't finish the bill by Friday, he will call a session Monday. That's the annual August Bank Holiday, when almost nobody in Britain works.

The Steel Bill is a major item of the program of nationalization that Prime Minister Attlee's Labor Government promised to carry out during its five-year term.

Winston Churchill's Conservatives proclaimed a last-ditch fight against it in a campaign-opening policy statement Saturday. They contend it should not be carried out without a specific mandate from the people.

The Lords' amendment to delay nationalization was an attempt to give the Conservatives—should they win the general election which must come before the Government's present term expires in July, 1950—a chance to repeal the whole bill.

The Lords can delay legislation for only one year, under terms of the Parliament Bill introduced last year. Thus the Government now can enact the Nationalization Bill before the final date for a general election.

The Steel Bill will go back to the Lords after the current Commons debate and probably will be amended again, returning to the Commons in the Fall.

Combine Plant Idle as Men Walk Off Job

TORONTO, July 26 (CP).—Some 4,500 production workers at the Massey-Harris farm implement plant here walked off the job late today and set up picket lines at three entrances of the big west-end factory.

The workmen are members of the United Auto Workers (C.I.O.). Union sources said the walkout was a result of the dismissal today of Steve Anco, president of the union local, for allegedly interfering with work assignments given by management.

Makes Atlas of Heavens

—Central Press Canadian

Dr. Albert G. Wilson, of the California Institute of Technology, is shown at the viewfinder of the 48-inch Schmidt telescope-camera on Mt. Palomar. He is in charge of the project just begun, to make more than 2,000 photographs which will comprise a complete atlas of the heavens, using the huge camera which has recently been completed. The camera will do in a year what would take other cameras a century.

Consumers Facing Battle With Dairymen on Oleo

OTTAWA, July 26 (CP).—A battle appears to be shaping up between the women who buy margarine and the dairy farmers whose golden butter is being hit by the lower-priced substitute.

The battle is expected to take place next Autumn in London where today the Privy Council awarded the first round in the bout to the farmers.

GRANTED APPEAL

It granted the Canadian Federation of Agriculture, which represents the dairy men, leave to appeal the Supreme Court of Canada ruling on margarine which swept aside a 62-year ban on the manufacture and sale of butter substitutes.

H. H. Hannam, president of the C.F.A., said the Privy Council decision was "gratifying." It would mean that the C.F.A. "in co-operation with the dairy farmers" will be able to pursue its original objective—to restore the margarine ban and so protect the farmer and his product.

The decision was not so gratifying to the Canadian Association of Consumers, representing some 35,000 or more margarine-buyers—mostly women—which wants Canada to continue to have the privilege of buying the lower-priced product.

MAKE EVERY EFFORT

Mrs. F. E. Wright, president of the C.A.C., said the association would make "every effort" to continue the fight against the C.F.A appeal. "We'll do everything in our power to make sure the manufacture and sale of margarine remains legal."

She stated that an association representative—probably Miss M. P. Hyndman of Toronto who did the original arguing for the C.A.C. before the London judicial body—would appear during the hearing of the appeal and state the case for the consumer.

While the battlers shaped their defences, a justice department official said until the Privy Council decides against the Supreme Court ruling, the manufacture and sale of oleomargarine, margarine, butterine or other butter substitutes remain legal.

Australian Act Invalid, Nationalization Plan Hit

SYDNEY, Australia, July 27 (Wednesday) (CP).—The ruling of the judicial committee of the Privy Council in London that the Australian Government's act to nationalize the banks is invalid is regarded as a major setback to the Labor Government's nationalization plans.

The Canberra correspondent of The Sydney Morning Herald says today the decision strikes at the whole fabric of nationalization because it means that many forms of public ownership and control will be removed from the sphere of Federal legislation permissible under the Australian constitution.

RULING UPHELD

This is because the Privy Council, in its decision announced Tuesday, has upheld the majority ruling of the Australian High Court that section 92 of the constitution prevents nationalization of all banking. This section provides that "trade, commerce and intercourse among the states, whether by means of internal carriage or ocean navigation, shall be absolutely free."

Whether the Government will try to circumvent the ruling by seeking to control the banks by means other than compulsory acquisition remains to be seen. But the decision is taken in informed circles to mean that Government plans for nationalizing insurance, for one, will definitely be dropped.

Dr. Herbert Evatt, Australian attorney-general who argued the Government's case before the Privy Council, said in Canberra "we are naturally disappointed at the result."

Vote on Funds For Television Set for Session

OTTAWA, July 26 (CP).—Parliament will be asked again this Autumn to vote $4,000,000 considered necessary to get the C.B.C. started in television.

Once approval is given, A. D. Dunton, chairman of the C.B.C. Board of Governors said today, there should be television in Canada within 12 to 18 months, that is some time in late 1950 or in 1951.

The Government asked the Commons to vote the money at the final session of the last Parliament but that was one of the things left undone at prorogation for the June 27 election.

Interim Government policy, as outlined by Revenue Minister McCann, calls for establishment of C.B.C. stations in Montreal and Toronto. In the great majority of Canadian communities, Mr. Dunton said, private enterprise will have prior opportunity to get into the field—if it can afford to.

Vikings, Man on Raft, Kayak Clutter Channel

DOVER, England, July 26 (CP).—Traffic in the English Channel today was as congested as at a busy street intersection—and twice as freakish.

From the north, a "Viking ship" stood by ready to invade the Kentish coast at Broadstairs just as the forebears of its crew had done 15 centuries ago.

Farther south, a man sat placidly on a raft, hoping he was headed for Le Havre, France.

Somewhere in the Channel was a kayak with a priest and a newspaperman aboard.

And for 14½ hours a 31-year-old Netherlands housewife, Mrs. Willy Cros Van Rijsel, was in the water, heading from Cape Gris Nez, France, to Dover. However, late tonight she had to be taken out.

AHEAD OF SCHEDULE

The Viking ship with 53 Danes aboard was ahead of schedule, authorities said, and would have to "stooge" up and down the Channel for 48 hours before landing Thursday. The invasion will commemorate the foray against the British Isles by the Danish hordes led by the brothers Hengist and Horsa in 449 A.D.

Jan van Der Linden, Dutch writer, and his compatriot, Rev. Philip Meerburg, were apparently making good headway in their attempt to break the Channel speed record for canoes.

From the south came the report from the master of a ferry bound for Channel Islands that he had encountered a young man, perched on a small raft, who asked to be given the course for Le Havre.

NO EXPLANATION

The eccentric mariner drifted smoothly on his way after receiving the bearings. He offered no explanation as to why he chose this particular way of traveling.

The whole affair puzzled Giles, cartoonist of The London Daily Express, who published a five-column panel showing the Channel cluttered with swimmers—some supported by toy balloons, some carrying cups of tea, some clenching £50 notes in their teeth. Two London bobbies were directing the traffic from their tiny rafts. The caption, in keeping with their bewildered expressions, read:

"Apart from saving the fare, I don't see a lot of sense in this Channel-swimming craze."

Daily Astrology

By RITA DEL MAR

For Wednesday, July 27, 1949

Today's Quotation: "A soft answer turneth away wrath."—Proverbs.

Wednesday for Everyone: Morning: Exert personality, charm, avoid extravagance, poor judgment. Afternoon: Make progress in financial, social matters, buy or sell. Evening: Protect your possessions; don't lose, mislay things.

Look for your birthdate and birthsign below.

March 21 to April 19—(Aries)—Augment your well being or job setup. Get wise guidance from an older person.

April 20 to May 20—(Taurus)—Recognize chances to make good or enjoy some exciting pursuit. Cultivate social talents.

May 21 to June 20—(Gemini)—Attach greater import to some long-pending affair or tie-up. Sail into tasks.

June 21 to July 22—(Cancer)—Be discerning and realistic in dealing with others. Strive for firm accord.

July 23 to August 22—(Leo)—Gauge the significance of some matters of long-standing on your income or finances.

August 23 to September 22—(Virgo)—Daytime: Promote your interests, effect adjustments. Slow down to a walk by evening.

September 23 to October 22—(Libra)—Indulge the cautious side of your nature; catch up on sleep and quiet.

October 23 to November 21—(Scorpio)—Mingle with old-time chums or elders, those who can afford an outlet for your social talents.

November 22 to December 21—(Sagittarius)—Be on the alert for information, news. Put vocational interests or credit on a sound footing.

December 22 to January 19—(Capricorn)—Adjust your sights today; see things in a more favorable light. Press for expressions of opinions.

January 20 to February 18—(Aquarius)—Give consideration to finances and revenue stemming from joint ventures.

February 19 to March 20—(Pisces)—Permit teammates or associates to take the helm today; give them assistance.

Planning ahead—Good for sociability, entertaining, etc.: July 28; evening of 31; late afternoon and evening of August 3, 4, 6; late afternoon and evening of 10; afternoon and evening of 13, 15; afternoon of 16.

Dimitrov's Heir

—Central Press Canadian.

Foreign Minister Vassil Kolarov has succeeded Georgi Dimitrov as Bulgarian Premier. Dimitrov died on July 2 at sanitorium near Moscow. News of appointment to high post came via Sofia radio.

Improvement Seen in Crops After Rainfall

OTTAWA, July 26 (CP).—Marked improvement in Prairie crop conditions was noted today by the Bureau of Statistics in the tenth of a series of 13 telegraphic reports covering the condition of Prairie growth.

RAIN GENERAL

Rains were general over most of the three Western provinces during the last week and the bureau believed conditions now were sufficient to carry crops to maturity in many areas.

However, in other regions, such as in some parts of Alberta and Saskatchewan, the outlook still was poor, due mostly to the fact rain was far below normal in the early period of the growing season.

The bureau said the average rainfall since April 1 for Manitoba, Saskatchewan and Alberta now stands at 2, 7 and 17 per cent below normal, respectively—"a marked improvement in all three provinces over a week earlier."

In a comparison, Manitoba had the best outlook. Crop conditions were being well maintained generally by adequate rainfall. In some areas harvesting of early crops had begun.

Of all three provinces Alberta had the poorest outlook. Crop prospects in that province ranged from poor to fair despite medium to heavy downpours over wide areas.

Weather Cuts Forest Fires In Province

Continued damp cool weather over British Columbia may be irksome to citizens planning Summer holidays but it is a blessing to the B.C. Forest Service.

Throughout the whole of British Columbia there were only 10 fires reported burning yesterday, forestry officials reported.

Eight of them were in the Prince George district and all were under control. None were reported from the Vancouver Forest District, which includes Vancouver Island.

Cool, wet weather has brought a sharp reduction in the fire hazard throughout the Province.

Annual Summer Course In Astronomy Opening

Victoria has been invited to meet the stars.

The 18th annual Summer course in astronomy will provide a Cook's tour of the universe for anyone interested and especially for those who are making a first acquaintence with the stars and planets.

Directed by the Royal Astronomical Society of Canada, Victoria Centre, the star-gazing sessions will be held each Monday in the Normal School auditorium, Richmond Road and Lansdowne Avenue starting August 1.

The August 22 meeting will be a visit of the group to the Dominion Astrophysical Observatory, Little Saanich Mountain, as guests of Dr. J. A. Pearce, director. Transportation arrangements will be made.

The scheduled meetings are: August 1, "A Cook's Tour of the Universe," led by Mr. O. Shaw; August 8, "The Solar System," with Prof. E. Phibbs; August 15, "Astronomical Facts and Fallacies," Mrs. J. R. Noble; August 22, visit to Observatory; August 29, "Stars, Meteors and Comets," Miss Jean K. McDonald.

Lectures will begin at 8:30 p.m. Telescopes will be set up each night on the school grounds to enable members to view stars under discussion. A member of the society will be on hand at each telescope to answer all questions.

Fee for the course is $1, which includes admission, a set of star maps and mimeographed lecture notes. Registration may be made at the first meeting. The society urges everyone interested in astronomy to attend.

"Free Federal Union" of Pact Nations Proposed in U.S. House and Senate

WASHINGTON, July 26 (INS).—A "free federal union" of North Atlantic Pact countries within the United Nations was proposed in both houses of Congress today as "the logical follow-up" to the far-reaching anti-aggression treaty.

Identical resolutions which would direct President Truman to invite the 11 other Pact signatories to a convention for consideration of the proposal were introduced in the House by Rep. Boggs (Dem.-La.), and in the Senate by Sen. Kefauver (Dem.-Tenn.).

A resolution calling for a world federation of all the United Nations through a partially sovereign U.N. also was given the Senate by Sen. Tobey (Rep.-N.H.). It was the same proposal given the House June 7 and supported by 103 members.

The Atlantic Pact union was supported in the Senate by 19 Republicans and Democrats and was backed in the House by a bipartisan quartette.

Kefauver declared in offering the resolution:

"It would permit us, with other pact sponsors to try also to solve this most complex of problems: political, military, economic and monetary by tackling them as a whole, and on the man-to-man basis of our own American Federal Union."

Former United States Supreme Court Justice Owen J. Roberts, president of the citizens' group sponsoring Atlantic union, told newsmen in a Capitol Hill conference:

"The great hope is that we will succeed with a small organization and that the infection of democracy will spread until ultimately we will attain something that looks like world government."

Roberts termed the resolution's intent "purely exploratory" and emphasized that it would not be binding on any supporting nation unless convention results are ratified.

Earlier this month, Sen. Sparkman (Dem.-Ala.), a co-sponsor of both the Tobey and Kefauver resolutions, introduced a resolution backing bridge expert Ely Culbertson's plan by which a "world pact" for mutual defence would be set up if Russia vetoes such United Nations issues as a world police force or atomic energy agreements.

Lie Refuses Czech Order On Nationals

LAKE SUCCESS, N.Y., July 26 (INS).—A demand by the Communist-dominated Government of Czecho-Slovakia to the United Nations to dismiss and send home 24 nationals out of symphty with the regime was disclosed today at Lake Success.

A reliable source revealed at the same time that U.N. Secretary-General Trygve Lie flatly refused to comply with the Prague demand, the only one of its kind so far to come to light within the 59-nation organization.

The 24 individuals concerned comprise nearly all of the Czech nationals employed at Lake Success.

Defiance by Lie of the Czech Government's demand came to light a few days after the Senate judiciary sub-committee in Washington depicted Lie and the U.N. secretariat as a Communist-dominated group subject to "Red terror."

63 Stations Now Allowed Gasoline Sales

VANCOUVER, July 26 (CP).—Sixty-three gasoline stations now operating on a 24-hour basis will be allowed to sell gasoline on Sundays, Mayor Charles Thompson announced today.

The statement followed a meeting of the mayor with Attorney-General Gordon Wismer, Magistrate Oscar Orr and Judge R. A. Sargent.

Sale of gasoline on Sunday will be restricted to doctors, tourists and others on an emergency basis, within the terms of a judgment handed down in Supreme Court last week.

LORD'S DAY ACT

The judgment was an interpretation of a section of the Lord's Day Act.

The meeting decided, however, that station operators would not be called upon to interpret the term "tourist." The city will hand down a definition.

Whether a Vancouver resident on a week-end jaunt up the Fraser Valley is a tourist has not yet been decided.

Former Officer Dies at Duncan

Commander Geoffrey Borrie, R.C.N. (R) retired, 3350 Uplands Road, died suddenly while visiting in Duncan July 25.

He was well-known both on Pacific and Atlantic coasts during his naval career which began prior to the World War.

At one time he was naval officer in charge at Prince Rupert and Duncan.

Born in England he was a member of the Naval Officers' Association and was aide-de-camp at Government House.

He is survived by his wife, Marjorie, Vancouver.

A full naval funeral will be held, July 29—funeral arrangements to be announced later.

PLAN DEMOLITIONS

City building department issued a permit yesterday for the demolition of three cabins at the rear of 844 Johnson Street owned by H. Francis.

Also to be demolished is an old dwelling at 848 Johnson ordered destroyed by the city council as a health menace.

Employment Down in B.C.; Earnings Up

British Columbia's index of employment has dropped 4.3 points in the first five months of this year as compared with a similar period last year, Trade and Industry Minister Leslie H. Eyres announced yesterday.

Average for the first five months of this year (1926 is 100) was 187.6 as against 191.9 for a similar period last year.

Although employment is down, Mr. Eyres said, aggregate payrolls increased from an average of 204.6 (June 1941 is 100) for the first five months of 1948 to 219.2 for a similar 1949 period.

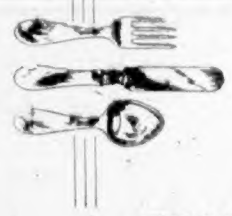

This means that while the proportion of persons employed is less than in 1948 increased wages have brought total earnings above 1948.

CANADA NEEDS HEALTHY RAILWAYS TO SERVE HER PEOPLE

THE OIL INDUSTRY
relies on the railways to move
THREE MILLION TONS OF GASOLINE...

And that's only part of the story. The total handling job which these mighty carriers do for the oil industry alone totals well over six million tons a year.

BOTH as producers and consumers, Canadians look to the railways to perform the heavy hauling on which their very lives depend. They must transport, for every Canadian every year, an average of about twelve tons of freight a distance of 400 miles.

And the railways are at it, twenty-four hours a day. That faraway whistle in the quiet night means a heavily-loaded freight is rushing goods to the morning market—moving materials to a waiting factory—carrying food to a distant seaport for shipment overseas. In this land of great distances, our existence depends on railways—railways which are efficient and adequate to our needs.

The Railways are Big Oil BUYERS, too

Fuel oil for locomotives, gasoline for trucks, lubricating oils—they all add up to a healthy sum . . . many, many millions last year. The railways are major users of the products of Canada's farms and forests, factories and mines—in fact their purchases cover over 70,000 items. They are the country's biggest buyers.

This advertisement is one of a series pointing out the railways' key place in Canada's economy. As Canada's largest builders of railway rolling stock and equipment, this company and its employees are directly concerned with the railway industry. Canadian Car & Foundry, operating eight modern plants, turns out thousands of railway cars of every type. The company is fully equipped to supply Canada's railways with the latest type passenger and freight cars to meet the growing needs of our expanding economy.

City 'Bobbies' Not Too Happy As Tourists' Cameras Click

How does it feel to have your picture taken about 100 times a day?

Ask any of the city policemen assigned to "boat duty" in the old-type uniform, complete with bobby helmet and choker collars.

"Fifty-five times today," groaned one constable recently as he tramped into the police station after duty. "I counted them. Fifty-five snapshots, and probably twice as many taken which I didn't see."

Needless to say, the boys aren't particularly fussy about being tourist attractions, but it is all in the line of duty. Businessmen in the city, who claim the old uniforms are a great attraction, are reluctant to see the uncomfortable outfit abolished. The Victoria Police Federal Union officials want to get rid of the old uniforms, for good. They say policemen are tired of being ridiculed by natives, and more tired of posing for tourists.

Some of the exeperiences of the constables assigned to wear the old uniforms would fill a book. Tourists often send pictures back to the policemen, which has in the past resulted in officers giving long explanations to the "better half."

Tourists write and ask the constable to spend his holiday with them. The young ladies from below the border sometimes are infatuated by Victoria's policemen.

These are just some of the joys of being a policeman.

TAKE OVER ELEVATOR

Kerr Gifford and Company Ltd., pioneer Pacific Coast grain company of Portland, will take over Victoria's grain elevator Monday, Ald. D. D McTavish, chairman of the lands committee said yesterday.

The company has a one-year lease on the elevator at a price of $12,000, with the option of renewal. Ald. McTavish said he did not know whether the company plans to store grain or corn.

Workmen are now cleaning the elevator and making a few minor repairs. It is expected that about four Victoria men will be employed when the U.S. firm starts to use it.

Built nearly 25 years ago, the structure has been labelled "Victoria's white elephant." The city fell heir to it after guaranteeing bonds of a private company which failed.

It has been leased on various occasions but has always represented a liability to the city.

* * *

POLICE TUG-OF-WAR

With a string of victories behind them, the Victoria city police tug-of-war team is off to All-Sooke Day today to extend its winning streak.

Sgt. Thomas Banister, team coach, reports his men in good shape after numerous workouts. The local boys will pull against a Canadian Army team, but it is understood the Sooke team will not pull "on top of the ground." They prefer cleats.

Recently, for the first time in more than 30 years, the city police team defeated a Vancouver police team on Mainland ground. Last year, Sgt. Banister's team took the Caledonia Cup from the Vancouver team in two straight pulls, and then went on to beat Sooke.

GAMES TO FOLLOW

Next event for the policemen will be at the Victoria Highland Games Saturday, and it is hoped arrangements can be made to send the team to Seattle Highland Games next month when international competitions will be held.

The police team is Constables Robert Mair (anchor), Robert Massen, Arthur Newsome, Lewis Kamann, Jack Sweeney, William Knowles and Donald Buie. Constables John Birch and Ray Maitland are spares, and Constable Angus Stewart, a valuable member, will not compete because he is on the sick list.

PARK CONCERT

A band concert, sponsored by the B. C. Electric, will be heard from the Cameron Memorial Pavilion in Beacon Hill Park tonight at 8:30 o'clock, it was announced yesterday.

Featured numbers will be a Fantasia of Moszkowski melodies and a selection of Italian folk songs.

Miss Grace Adams and Arthur Stringer will be assisting artists.

Catholic Clergy and Laymen Plan Prayer Crusade

Colonist Photo

Headed by Most Rev. James M. Hill, Bishop of Victoria, some 75 Roman Catholic clergy and laymen from all parts of Vancouver Island met in Victoria last night to greet Father Patrick Peyton, Irish priest whose campaign to promote revival of family prayer has won support of Hollywood stars, broadcasting corporation heads. Left to right above are Joseph McKenna, Victoria lawyer, who acted as chairman of the meeting; Bishop Hill; Father Peyton. Support of family prayer crusade was pledged for Vancouver Island.

Young Irish Priest From Albany, N.Y. Here on Crusade for Family Prayer

Swinging a militant rosary, a shock - headed, broad-shouldered Irish priest from Albany, N.Y., reached Victoria yesterday on the Western tour of a Twentieth Century crusade.

His aim: To bring the faithful to their knees in family prayer 10 minutes of each day as a cure for the ills of the world.

Last night young Father Patrick Peyton, originally from County Mayo, used a mixture of American style salesmanship and Irish lyric poetry to gather followers for his Family Rosary Crusade.

OUTLINES PROGRAM

Before an audience of Catholic clergy and laymen from all parts of Vancouver Island Father Peyton, who believes firmly in his mission, outlined a program for encouraging prayer in the home, that will use every publicity medium from radio broadcasts to car stickers to drive home its message.

"The family," he told his listeners, "is the weakest link in society's chain.

"But the family that prays together, stays together," he quoted, in pleading for support in his crusade.

"By October 9," he asserted, "an army of 40,000 men in Western Canada will be knocking on the doors of Catholic families asking them to sign a pledge vowing that they will spend ten minutes in family prayer every day for the rest of their lives.

"I am selling this crusade the way Ford sells motor cars," he said without smiling.

COVERS WIDE AREA

The coming campaign covers Manitoba, Alberta, British Columbia and Alaska, he explained.

It is a follow-up to successful "crusades" in London, Ontario, where the movement started, and later Saskatchewan, where the governor-general headed the army of "canvassers for prayer."

Chairman for the Vancouver Island campaign will be ex-Premier John Hart, it was stated at last night's meeting.

Father Peyton said that his decision to devote his life to the family prayer principle sprang from a "bargain" with the Virgin Mary.

"When I was dying of consumption the doctors gave me a choice between prayer and having my ribs cut out," he stated.

PRAYERS ANSWERED

"I chose prayers and had them answered.

"So when I was ordained a priest I made up my mind to pay back what I owed," he added fervently.

In describing the organization he had built up to promote his drive for renewed prayer in the home, the priest told how he had gone to moving picture stars in Hollywood and to the heads of broadcasting systems with his plea.

"It takes Hollywood and radio to sell an idea," he pointed out.

His pleas proved so eloquent that such players as Bing Crosby, Loretta Young, Irene Dunne and other movie greats rallied to his support. Soon he will have a movie released in which Crosby stars and in which the principle of family prayer is advanced.

Armed with 31 "written contracts" from moving picture stars he secured free time from Mutual Broadcasting System for his "Family Theatre."

"Instead of a commercial we give a short message after the entertainment end of the program," he says.

SEES BIG RESPONSE

When his plan for the Catholics of Western Canada really gets rolling Father Peyton expects to see 90 per cent of families contacted signed safely to the family prayer pledge.

"That's our average so far," he remarks.

Most Rev. James M. Hill, Bishop of Victoria, who with other bishops and archbishops of Western Canada took part in a previous discussion of the family rosary crusade in Calgary recently, pledged support of Catholic clergy and laymen on the Island.

Supporting the principle of family prayer, the Bishop stated, "The world is in the throes of a terrible conflict."

"And the only real D.P. today is Christ."

"He must be brought back into the homes—the world must be brought to the feet of Christ if we are to survive," he said earnestly.

"Man has failed to live independently of his creator," he added. "And the world is on the path-way to chaos."

Denouncing Communism as an arch foe, Bishop Hill called for Christian leadership.

"We need a new David to challenge the modern Goliath of Communism," he stated.

Fiery Statements Follow Inspection Of Sanitary Conditions at Camp

Gordon Head Camp Better Housing Committee yesterday struck out at Citizens' Rehabilitation Council officials "for conducting the first sanitary inspection in two years and only after unfavorable newspaper publicity brought to light unsanitary conditions in the camp."

In a fiery statement issued by the housing committee it is asked, "Could it be that the council suddenly has been overcome with guilt at the committee's exposure of camp conditions?"

PROMPTED BY REPORT

The statement was prompted by a written sanitary report by Mrs. M. F. Overton, camp supervisor, who sharply criticized Hut 15 tenants, who are instigators of the move to obtain better housing for tenants. The supervisor is reported to have carried out her inspection of certain huts shortly after newspaper reports of poor conditions in the camp.

In her report of conditions in Huts 15 and 16, apparently the only huts inspected, the supervisor states she is "pleased and delighted" with the cleanliness in Hut 16. "Cheers to you," she states in her report.

AT LOWEST EBB

But on her much longer report on Hut 15, hotbed of the betters housing movement, Mrs. Overton says she thinks "the whole lot of you will agree that Hut 15 tenants have hit their lowest ebb, and now we're looking for an upward swing."

The bad points will be noted here and a further inspection made next week. I sincerely hope there will be a radical change, and I feel sure there will. These are the things I'll be looking for next week which definitely need improvement," she writes.

The men's section of Hut 15, she reports, is dirty, the shower curtains and washroom bearing the brunt of her criticism. In the ladies' section, Mrs. Overton states, there is "general filth everywhere in the washroom."

"Not one toilet in the whole hut I could really call clean."

Mrs. Overton informs the tenants she will do everything she can to supply the incentive to clean up the huts. She writes she would like to be able to show the rest of the camp that Hut 15 tenants are as clean as anybody.

SHARP CRITICISM

"You people ought to be ashamed of yourselves . . . having such a dirty place and then calling out a reporter and a photographer to take a picture of it. I've never heard of anything so preposterous in my life. Did you ever look at it that way? It certainly reflects right back on yourselves . . . More power to any effort to get houses, but make people want you, not look down on you. Good luck," writes Mrs. Overton.

(Tenants did not call out the reporter and photographer. They went on their own initiative).

The camp housing committee has maintained that the first inspection in two years was directly due to the committee's campaign. It is pointed out that the housing committee first was formed by Hut 15 tenants, and that the inspection by the supervisor started in the centre of the camp, and only Huts 15 and 16 were inspected. The tenants, it is explained, have held meetings and criticized dirty tenants in their own hut.

FIRST INSPECTION

"Dirty tenants were apparent more than a year ago, but this is the first inspection," according to the statement. "Newspaper reports told of poor conditions, not dirt. If it hadn't been for the unfavorable publicity, there still wouldn't have been an inspection.

"Tenants will not clean up other person's dirt and therefore this business is directly due to communal conditions and the basic sanitary layout.

"The Better Housing Committee is pleased that the rehabilitation council has started this action in exposing the camp for unclean conditions. It was partly as a result of these conditions that our committee was formed. It is strange that such accusations should be leveled at Hut 15 tenants.

SEEK CO-OPERATION

"Since the council has taken this attitude our committee feels sure that it can enlist the co-operation of the rehabilitation council to clean up the whole camp. On many occasions families have held meetings to urge the uncooperative attitude of some tenants, unclean conditions have persisted. Some tenants even have to wash themselves, prepare vegetables and wash dishes in the same sinkless kitchens," concludes the committee's statement.

Martha Logan Swiftning COLUMN

These biscuits add a delightful touch to a tea. They're so attractive to look at, and so scrumptious to eat! (For lighter, easier, more successful baking—make them with quick-mixing Swift'ning!)

GOLDEN ORANGE BISCUITS

½ cup granulated sugar
¼ cup water
1 tbsp. butter
Grated rind 1 orange
1 tsp. lemon juice
2 cups sifted pastry flour or 1¾ cups sifted all-purpose flour
4 tsps. single-acting baking powder
1 tbsp. granulated sugar
½ tsp. salt
2 to 3 tbsps. Swift'ning
Milk (about ½ cup)

Mix ½ cup sugar, water, butter, orange rind and lemon juice; stir over heat to dissolve sugar, bring to boil and simmer 5 minutes. Divide among 8 to 10 greased muffin pans. Measure flour and sift with baking powder, 1 tablespoon sugar and salt. Cut in Swift'ning finely, using 2 knives or a pastry blender. Lightly mix in enough milk to make a dough which though soft, is not sticky. Turn dough out on lightly floured canvas or baking board and pat or roll to ½-inch thickness; cut in rounds with floured cutter. Place biscuits in prepared pans; bake in hot oven, 425°F, about 12 minutes. Served buttered.

FREE! For your new Swift'ning Recipe Book, send name and address, one Swift'ning box top to: Martha Logan, Dept. CJ485 Swift Canadian Co. Limited, Toronto 9, Ontario.

*Swift'ning is the trade-mark for Swift Canadian Co. Limited's new shortening

Assault on Hotel Maid Results in 60-Day Term

An attack on a 50-year-old Government Street hotel maid at the intersection of Yates and Douglas Streets July 18 netted Leo Phaneuf, 42, 642 Johnson Street, a 60-day hard labor jail term in city police court yesterday.

He pleaded guilty last week to assaulting Mrs. Ellen Crawford and occasioning her actual bodily harm. Magistrate H. C. Hall allowed the sentence to start from the date of Phaneuf's plea.

Claude L. Harrison, city prosecutor, said Mrs. Crawford has been released from hospital after several days' confinement. James J. Proudfoot, counsel for the accused, told the magistrate Phaneuf had no previous record.

DRIVING CHARGES

Samuel Pritchard, 286 View Royal Avenue, pleaded not guilty to a careless driving charge, laid July 21, and was remanded to this morning for trial. A. P. Dawe represents the accused.

John R. Lilley, 885 Swan Street, pleaded guilty to a charge of exceeding the ten mile an hour speed limit over Point Ellice Bridge, and was fined $10. Lilley said he hadn't intentionally exceeded the limit.

LIQUOR CHARGE

On a charge of unlawfully selling liquor, Harold L. Schideler, 1702 Belmont Avenue, taxi driver, was remanded to Friday for trial. James J. Proudfoot, defence counsel, has entered a plea of not guilty for his client. Another man facing a similar charge will make his plea on the same day.

The cases of Kunden Lal and Amrik Singh, woodyard operators, charged with allowing chips and fragments of wood to lie on their property, contrary to the fire department regulations, were remanded to Thursday to see if an arrangement could be worked out to have the yards cleaned up. Both have pleaded not guilty through their lawyer, W. Berkely Monteith.

ASKS DISMISSAL

Defence counsel asked Magistrate Hall to dismiss the charge against Lal because it was improperly laid. He contended the charge should have been laid under the building by-law and not the fire department regulations. The latter, he asserted, doesn't apply to woodyards, but that fire prevention regulations for woodyards are contained in the building by-law.

The city prosecutor said he "frankly confessed" he couldn't follow Mr. Monteith's argument and expressed the belief that the by-law was good.

Magistrate Hall suggested that the Crown and the defence get together to see if the hazard can be removed.

That will be agreeable to me, your honor," stated Mr. Harrison. "What you mean is that while the lawyers are talking the fire may be burning."

ESQUIMALT COURT

At a special sitting of Esquimalt road Street, was committedfor trial Police Court, Kishen Singh, 536 Head Street, was committed for trial in a higher court on a charge of unlawfully being in possession of morphine.

Elks Pass Resolutions At Convention Sessions

Dominion Elks forged through a long list of resolutions yesterday before winding up the second day of their three-day convention with a deep-sea diving exhibition, a band concert and an open-house program at the Elks' Home.

High on the list of resolutions was one asking the Elk "Save the Children Fund" executive in Toronto to set aside a "Save the Children Week."

The Elk's fund during the war went mostly for relief of children overseas, but Elks were told it was also available for aid of children in this country.

DELEGATES GET LAUGH

Delegates were given a laugh at one point in the day's business when a resolution to strike Newfoundland out of the title "B.P.O.E. of Canada and Newfoundland."

Now that Newfoundland has joined Canada, a Newfoundland delegate proposed, instead of striking out "Newfoundland" the name should be reversed to read "of Newfoundland and Canada."

At 7:45 Elks and passers-by on the Causeway took time out to watch an exhibition of deep-sea diving staged by John P. Collins, former navy diver, now with Pacific Salvage Company and a member of the Victoria Elks.

Through a loudspeaker system "Jumper" Collins gave a humorous running account of the perils of divers on land and sea.

BUSINESS SESSIONS

Meanwhile women of the affiliated Order of the Royal Purple conducted daytime business sessions followed last night by a convention class initiation conducted by Supreme Lodge officers.

One of the busiest groups with the convention is the Kamloops Elks Band. Yesterday the band played at the Old Men's Home and in two other engagements. Last night they staged a concert in Beacon Hill Park and today they visit the D.V.A. Hospital.

On their way back to Kamloops they will play at the Queen Alexandria Solarium, Duncan, and New Westminster.

Today both the B.P.O.E. and the O.O.R.P. will go into their last business sessions with election of officers as the main business of the day.

At night the convention will be formally wound up at a banquet and convention ball at the Club Sirocco. wein on their own initiative).

Discover Man Dead in Room

Arthur Gaudett, 53, found dead in his room at 968 Balmoral Road Monday afternoon, had a wife and ten children in Port Alberni, the city detective department learned yesterday.

Police believe Gaudett had been dead more than a week when found by the owner of the rooming house, who thought he had been away on holidays.

It is understood he had been in poor health for some time and had undergone two serious operations. When able to work, he did interior decorating.

A .35 calibre rifle was found beside Gaudett's body, and the top of his head had been blown off.

TO CALL TENDERS

B.C. Power Commission will call for tenders in two weeks on its new building to be erected on the property bounded by Burdett, McClure and Blanshard Street, it was announced yesterday.

The new offices will house the headquarters of the commission which began operations in 1945.

The commission is now spread over three buildings. When the new structure is completed, all departments will be under one roof.

W. W. Foster, a member of the commission, indicated work would probably start before the end of the year.

Interesting Range of Paintings Seen at Art Centre Exhibition

that they gave the graphic lie to popular theories that water-colors fade with time.

Viewers later noted that the paintings, signed early in the 1800's were as crisp and breezy as ever.

Besides the English works, mostly of the 19th Century, were some 18th Century Dutch works and a sprinkling from the Canadian Group of Seven of this Century.

METICULOUS MINIATURE

Of the Dutch works, one meticulous miniature was executed on porcelain, another on mahogany. A recent Dutch work had hung in the Royal Academy, London.

Mrs. A. S. Wyllie told the audience of Cox's work, and outlined the three major stages of his development.

Pictures on loan from private Victoria collections provide a smattering of art covering three centuries at the Victoria Arts Centre exhibition that opened last night.

Most of the paintings were English watercolors, landscapes predominating, which Col. E. H. Casper noted in his opening address were typically England's contribution to the arts.

NOTE OF HAPPINESS

"They all have a note of happiness about them that characterizes painting of the English school," he noted, comparing them with some of the "sombre" studies he had found in some galleries in the Low Countries.

He pointed to some early watercolors by David Cox, explaining

Butter Bungle Likely to Prove Costly

OVERLOADED with surplus butter, the Dominion Government is reported to be preparing a "firm" policy for disposal, expected to be ready to go into effect by October. The best policy the Government could adopt would be one that would take it out of the butter business for good, writing off its losses to experience—at the taxpayers' expense.

The program of price-propping for the wholesale butter market was a blunder. Already the Government has spent more than $24,000,000 of public money buying up this season's surplus and expects to spend another $6,000,000, plus the not insignificant cost of storing this 60,000,000-pound stock of butter until there can be some adjustment of supply and demand. Government officials, it is said, are beginning to doubt if these accumulations can be got rid of easily and without a "slight" loss. Not long ago a prominent member of the Cabinet asked the classic question, "What is a million dollars?" Bearing that in mind, it would be interesting to know what is implied by a "slight" loss.

Under its price-support program the Dominion is obliged to buy up at 58 cents a pound all butter stocks offering at wholesale prices below that figure and to hold them in storage for release through normal channels if the market rises again in Autumn and Winter. That is the theory; but in practice the Government appears more likely to find itself with a lot of unwanted butter on hand to be disposed of at bargain prices, with the taxpayer making up the difference, as usual.

It is to be hoped that this experience will serve as a lesson to the Government to stay out of commodity markets in future, especially those subject to seasonal fluctuations.

Canadian Airmail on Pacific Is Gain

ALTHOUGH Pacific flights have been in progress in one form or another for some fifteen years, the first direct Canadian service to participate in the venture has just been safely launched by the Canadian Pacific Air Lines fleet of Canadair "Empresses."

Both the Empress of Sydney and the Empress of Vancouver have completed inaugural flights to Sydney, Australia, via Honolulu and the Fiji Islands. The Empress of Vancouver carried back the first packet of regular airmail, reducing the distance to scheduled flying hours.

The advent of direct airmail between Canada, Australia and New Zealand should pave the way for a closer exchange of commercial and other intelligence across the Pacific. Generally speaking, we in Canada know all too little about Australia and New Zealand; and it is probable that the reverse also is true. That is the more remarkable as both lands face the Pacific and have everything to gain from a closer mutual understanding.

Not the least of the benefits of the new direct air service should be the building up of closer ties between three sister nations in the Commonwealth by travel, business and a freer exchange of thought. The flight service also should provide a cheaper alternative to cable transmission, at present hampered by excessively high tolls, a fact which will not be lost on the press of both nations. This beginning is encouraging.

One Unsanitary Nuisance Is Eliminated

CHALK up one victory for civic administrators; the garbage disposal problem has been solved. Henceforth the familiar but unwelcome sight of bottles, tin cans and other domestic debris floating back obstinately to city beaches will be no more. After decades of such litter Victorians may view the shorelines with comfort instead of turning away in distaste. The iron "crusher" is reported to do precisely what its name implies, and thus ensure that kitchen refuse will sink to the bottom of the sea.

This is no mean achievement. How to be rid permanently of garbage was a problem that baffled successive city councils through the years. Its solution is evidence that there are some things civic officials can do well when they put their minds to them. Taken in conjunction with the speedy restoration of streets that are now tramless, this elimination of an unsanitary nuisance reflects credit on the public works committee, whose persistence has been rewarded.

If the same success can be attained in connection with the Clover Point sewage difficulty that will be another good conduct mark to be noted. This may not be so easy of attainment, but there will be hope that where one machine was effective another one will prove to be equally so. Alleged difficulty of delivery may unfortunately delay the application of a comminutor, and that will be no fault of city administrators. The public will expect, however, that the matter will be pursued with the same zeal that has finally relegated garbage to its proper resting place.

Letters and Excerpts

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted, in whole or in part, except over the proper signature and address of the writer. Unsolicited correspondence cannot be returned.

HELMCKEN ROAD

Sir,—When is the Department of Public Works or whoever may be responsible, going to take action to remedy the dangerous condition of Helmcken Road now that the new school is being constructed on Helmcken Hill?

The E. & N. Railway bridge on Helmcken has a total width of 22 feet; but as the bridge sits at an angle from the road, the widest possible usable width is 15 feet.

I defy any two car owners in this city to pass each other under that bridge at any speed above five miles per hour. The approximate length of the underpass is 40 feet.

Use your imagination and picture a group of six, seven and eight-year-olds, or any age group, trying to get through that bridge safely, with the traffic on Helmcken as it is today, even if there are 15-mile-an-hour zones set up.

Are we going to sit idly by and wait until the blood and brains and flesh of children are ground into the concrete of the E. & N. bridge before any action is taken? Now is the time to take action and force the powers that be to either widen the underpass or put a pedestrian tunnel through on the school or south side of the bridge.

J. PATTERSON

LOOKING AT CANADA

Sir,—Now that the dust has settled to some extent, following the Federal election, Canadians may have an opportunity of considering the implications that flow from the overwhelming victory of the Liberal Party . . .

Ever since the break in Conservative ranks which took place in 1935, when Mr. Stevens saw fit to break with his leader, Mr. Bennett and set up his own short-lived party with the result that eighty seats at least were lost to the Liberals in the election that ensued, a large proportion of the Liberal newspapers in Canada seemed to make it their purpose not only to destroy any leader chosen by the Conservative Party, but the party itself.

This policy was continued with unremitted zeal before, during and even after the last polling. Several of these newspapers that I have in mind have not hesitated in their endeavors to destroy George Drew as the leader of a great Canadian party. It was a welcome relief, therefore, to read in the Financial Post, dated the 2nd instant, something of an entirely different nature.

This independent publication, after paying an eloquent and proper tribute to the Prime Minister as a Canadian with outstanding qualities, went on to state that "Canadians can also be thankful that in the Opposition, too, they have a natural leader. Mr. Drew should not be discouraged. It is less than a year since he was suddenly called from the Premiership of Ontario to the leadership of the party. It would have been expecting too much to suggest that he or any other new leader could win in 1949. Events called him to office before the 'timing' was right for such a victory. He had far too little time for reorganizing his party. Now he has four or five years to build a solid foundation. Mr. Drew is a man of splendid qualities which the Canadian people will, in time, learn to appreciate."

Victory or defeat in party politics should not be viewed from a narrow point of view, but rather in the interests of the nation. Partisan newspapers would have made a greater contribution to the good of the country, apart from any question of generosity to an adversary in defeat, had they refrained from applying their "editorial boots" to a man who was down, but certainly is not out.

ROBERT D. HARVEY

516-15 Central Building, Victoria, B.C.

INCREASED RENTS

Sir,—Sympathy has been given the landlords and landladies over the increase in taxes and licences for the rooming and apartment houses. Yet really it falls on the unhappy tenants who are trying to live in a decent atmosphere without any discontent.

Rents are double and in some cases even more yet now they are asking for a 10% increase. Where are these to live, and how? Considering the conditions which now exist, surely this should not be allowed.

It is indeed time a city manager was called in to try and regulate conditions before they get impossible for some of us. Times are difficult for most of the honest people today and seem to be steadily getting worse, instead of improving.

(MRS.) NORA E. de-KUSEL

665 Niagara Street, Victoria, B.C.

From "Ulysses"

I am a part of all I have met;
Yet all experience is an arch wherethro
Gleams that untravell'd world, whose margin fades
For ever and for ever when I move.
How dull it is to pause, to make an end,
To rust unburnish'd, not to shine in use!
As tho' to breathe were life. Life piled on life
Were all too little, and of one to me
Little remains: but every hour is saved
From that eternal silence, something more,
A bringer of new things; and vile it were
For some three suns to store and hoard myself.
And this grey spirit yearning in desire
To follow knowledge like a sinking star
Beyond the utmost bound of human thought.

—TENNYSON.

Thinking Aloud

". . . of shoes—and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

THERE are so many quiz programs of one kind or another on the air today that obviously radio fans must like listening to questions and answers. And that's queer in a way, for they are merely kibitzing with their ears.

If there was much chance of the average listener falling heir to any of the monumental stream of prizes that are given away, you might understand the [illegible] of local programs there's very little and for the vast majority of the invisible audience none whatsoever.

Local programs, such as the popular Six-for-One quiz that CJVI promotes, are in a different category from the big United States network "give-away" embroglios. Listening to a local quizz makes you a possible winner, and even if you are not invited to the telephone there's a community feeling that helps you share the excitement. If you don't know the winner personally you feel you do, and anyway he or she never seems like an absolute stranger.

It's different, however, with network braintwisters, especially for a Canadian tuned into any one of the score of what you might call "big-time" American question and answer shows. Or it should be. Except when the personality of the contestant or emcee arouses your interest—and some emcees would be happier on the job if they didn't think it their mission to be funny-men—a quiz program should be a very abstract proposition, like eavesdropping on a schoolroom. It isn't, though.

* * *

The number of these "give-away" programs is growing to an extent equalled only by the extravagance of the purses, to use a horse-racing term. Since presumably sponsors don't throw millions around for nothing, even if in a cynical mood you may sometimes think they are doing just that, we must assume that uncounted numbers of Americans, and Canadians, like to acquire information served up via the quiz route. Certainly North Americans ought to be very well informed by this time.

There's a certain fascination in matching your own wits against the person who is up there in front of the mike, palpitating with nervousness when he nears the jackpot question. And no doubt thousands of listeners in whom the answer popped to mind immediately the question was asked, have said disgustedly and inelegantly, "the dumb cluck," when the contestant muffed it. I daresay the fortunes that have been won vicariously, or could have been won, by people sitting at ease at home would astound even Einstein.

But it is vastly different, I suspect, when you are the person at the microphone. As you know if you have listened at all to this type of radio fare, some poor folks get so flustered they couldn't even recite their own name if it were asked of them.

* * *

Occasionally you can become quite excited, hoping against hope that the contestant will go right up the scale to the top, and mentally pulling for him, or her, to win. This is particularly the case if the voice and manner of the contestant appeals to you. When it doesn't, your blood pressure remains undisturbed. A few nights ago I heard a Calgary woman on an American quizz program and she was so pert I was glad she over-smarted herself and lost out, although normally I'd be trying to do a bit of thought transference seeing she was a Canadian. That is, if I knew the answers, which I don't always by any means.

I was rooting hard for a couple not long ago who nearly won a house, complete with a fabulous amount of furniture and gadgets, albeit this kind of "give-away" quiz is getting out of hand and one of these days is liable to go off the air more suddenly than it came on. Seven questions answered correctly were needed for victory and this pair got their feet inside the door of the house, they had answered six. The seventh wasn't too difficult, but the thought of being handed a house on a platter, so to speak, was too much, I guess, for it went unanswered. So much tenseness had been built up I almost believed the emcee when he said he was sorry.

* * *

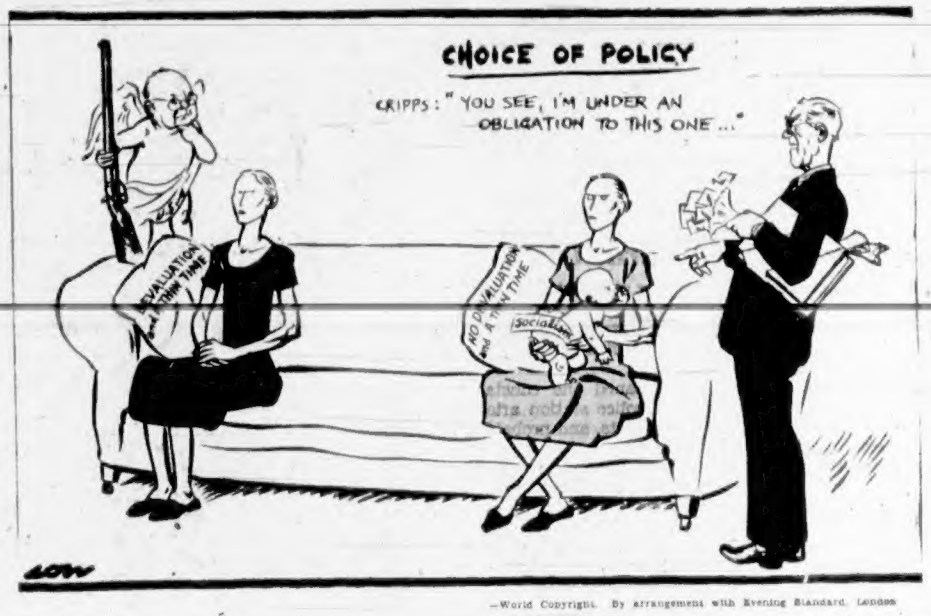

Generally, I notice, the questions get more difficult as the contestant climbs the ladder of success. On this same program on another occasion a thirteen-year-old girl and her mother were teamed against the question card the announcer was holding. Or at least the little girl was; the mother just tagged along. This youngster also answered six of them correctly, but the seventh was too much—who first effected nuclear fission? It would be too much for most people, and so the house was safe for another week.

From a listening point of view there is more entertainment in the shows that put so many experts behind desks and ask them the questions. These programs also avoid arousing the unhealthy cupidity among get-rich-quickers that the current big network quizzes do. Not all of these experts prove to be expert, fortunately, so that even allowing it is much the easier task to sit out of sight and mumble the correct answers to yourself, you may derive a satisfaction from succeeding where the experts fail. It must be something like this that leads millions of people to listen so regularly to network quiz programs. Otherwise the popularity of such radio fare must be put down as a phenomenon.

Today's Answer

Question on Page 3

No; it is a Federal territory controlled by a commissioner.

British Achievement in Malaya

The writer accompanied to Indonesia the touring United States newspapermen killed when their plane crashed into an Indian hillside on the first leg of the return trip, but had decided earlier to travel back to the United States through the Pacific.

By WILLIAM R. MATHEWS
North American Newspaper Alliance

SINGAPORE — (Delayed)—As the political centre of Southeast Asia this thriving city and the adjoining Malay Peninsula have become a bastion against the Westward sweep of Asiatic Communism. Amidst the anarchy of Burma, the civil wars in Indochina and Indonesia and the collapse of China, the success of the British in restoring law and order and setting up responsible self-government in Malaya has set a fortunate precedent.

The British faced the usual problem of native unrest skillfully fostered by Communists. The guerrilla army sponsored and armed by Britain during Japanese wartime occupation was largely Chinese and had a hard core of Stalinists. After the war these latter tried to ride into power by championing Malayan nationalism. Chinese leadership, however, dampened the enthusiasm of Malayans that might have been aroused—as it was elsewhere—by the Communists.

* * *

As experienced colonial administrators, and not interfered with by the United Nations, the British proceeded systematically. First, they called upon the guerrillas to surrender all arms, and paid them for each weapon given up.

Then Singapore became a crown colony by itself of which the British alone were master. The cities of Malacca and Penang which had been a part of the Government of the Straits Settlements were placed under the authority of the Union of Malay States, which became a new federation under a treaty submitted to nine governing sultans in December, 1946. By the terms of the treaty the British Governor of Singapore was designated as high commissioner to the Federated Sultanates. The few isolated states that did not come under the treaty agreed to accept a British adviser—whose counsel was mandatory. The capital of the new Federated Sultanates became Kuala Lumpur. The Communist party was recognized as a legal political party.

But the proposed constitution granted citizenship to practically all residents of Malaya. Dato Onn Jaffar, a respected Malay, organized a protest. For the proposed liberal immigration policy would have soon given the Chinese a complete majority, because thousands are fleeing China.

So, at the behest of the Malayans, the new policy disqualified for citizenship 80 per cent of the Chinese. And then the Chinese formed their Council of Joint Action. In 1947 the Communist party allied itself with the council.

* * *

However, in February, 1948, Parliament in London adopted the Statute of Malay without further change.

So the Chinese, who are the merchants of the Orient, face widespread discrimination—not only in Malaya, but everywhere. They have no government that has public respect; many now scorn the Chinese Nationalist Government of Chiang Kai-shek.

A series of Red-sponsored strikes began which brought the outlawing of the Communist party in June, 1948. Promptly, the party went underground and intensified their warfare.

But Britain had won the support of the Malay natives at the mass level, as distinguished from mere support by the Sultans. She has recruited and trained a Malayan native army of 30,000 and a police force of 30,000 more natives.

A steady program of hunting down Communists continues, as the Reds retaliate in a few sporadic raids. Generally, however, law and order prevail. And the program of self-government is expanding rapidly.

By retaining Singapore, which is 78 per cent Chinese, as a crown colony, Britain is able to give the Chinese there her support.

The British have done the job alone. Had we Americans interfered as we have in Indonesia, Malaya would be in chaos today, ready to drop like a ripe apple into the laps of the Communists.

* * *

And Singapore is one of the world's great crossroads. Commercially, it is the natural-rubber market of the world. It is also the tin centre of the world. And, as such, it produces more dollar exchange for the British than any other single market. In 1948, the United States bought 371,000 tons of rubber valued at $155,700,000 and 25,496 tons of tin valued at $66,600,000.

Singapore is not a pest hole any more than San Francisco is. It appears to be a relatively clean, well-run community. The best thing about it is the refreshing air of freedom. The British seem to have the knack of knowing what laws to enforce.

Steady Now, Claghorn

(From The Globe & Mail, Toronto)

UNITED States senators opposed to the Atlantic Pact wants assurances that atom bomb information will not be furnished to the British under the terms of the treaty. While they are at it, would they like also to keep the secret of making spaghetti from the Italians and conceal the recipe for whisky from the Scotch?

It is the United States that is obliged to Britain for atomic data, not the other way round. No atomic bomb would ever have been manufactured in American plants if the idea and the proposal had not come from scientists working in British laboratories. Practically all the groundwork in nuclear fission was done there and in Continental Europe, notably by one Ernest Rutherford, a New Zealander who started his researches in McGill University, Montreal, and completed them in Manchester and Cambridge.

Rutherford knew twenty years ago how to split the atom; and the discovery that atoms of uranium, alone among elements, would split consecutively in a "chain-reaction" was European. When British experts thought of an atomic weapon and suggested it in the course of the war, American knowledge of the subject was rudimentary. It was with imported know-how that the Americans proceeded to work out the mechanical details and produce the bombs that crushed Hiroshima and Nagasaki.

This manufacturing stage of the work was carried out as a joint enterprise by the American, British and Canadian Governments. Their scientists contributed to and shared all the new knowledge discovered in the course of devising the bomb. In postwar research in the atomic field, of which results have not been given to the pubic, it is odds-on that British and Canadian scientists have put into the pool at least their share of original ideas and techniques. The senators who want to keep Britain in the dark about the atom are thus dealing in what Leacock called moonbeams from the larger lunacy. They might as well try to keep the Egyptians from learning about pyramids.

Inventive genius and skill are, of course, not American monopolies. The telephone was contrived at Brantford, Ontario, by an emigrant Scot; Sir Joseph Swan, an Englishman, invented the electric light bulb. Radar, the Bailey bridge, the Mulberry port, jet propulsion and other war-winning devices were of British origin. The United States has certainly brought forth its full quota of such gadgets and, blanketing them all, has perfected the marvel of mass production that can make many of them available to every householder. Still, other people had a hand in some of the modern world's wonders. When American senators display the national foible of assuming that the United States invented everything, they can be as funny as the Russian propagandists who make the same claim for the Soviet Union.

Observation Car

By G. B.

THE silver lining of a financial crisis is that few observers know enough about the situation to worry intelligently . . . Countries that have no industrial troubles are the ones that have no industries . . . Disquieting manifestations of the Summer include the breathless speed with which the strawberry season went by . . . Fifty years ago it was the three R's. Now it is the three C's—comic strips, commentators and commercials . . . A story from Northern Ontario concerns a tipsy dog which chased a gigantic bull moose from a highway. That teaches us never to underestimate the power of a noisy minority . . . Before publishers' "blurbs" were invented, authors had to make their reputations by writing . . . A newspaper in New South Wales, Australia, carried the following advertisement: "I have a rooster that crows at 5 a.m. Want to trade him for one that crows at 6 a.m." . . . During a raffle at Timmins, Ont., new automobiles were won by the owner of a fleet of taxis and an automobile salesman. To him that hath shall be given . . . Small boys are not the least bit interested in news that the Canadian spinach crop is the largest on record . . . Absence may make the heart grow fonder, but presents accomplish the result with greater speed . . . Many persons love pets. Others have pet aversions . . . "The early bird gets the worm" is an expression used to emphasize the benefits of early rising. Who likes worms?

Fun, Fact and Fiction

A new drug, beta-dimethylaminoethyl benzohydrl 8-chlorotheophyllinate, is said to be a cure for seasickness, car and airsickness and just plain dizziness. Including the kind one would get from reading the name?

* * *

Members of the human race, they say, are living longer. Or does it just seem longer?

* * *

Dumb as he may be, nobody ever saw a donkey with the hiccups.

* * *

HANDY DEVICE

A survey of the housework-helping habits of American husbands has been conducted by a magazine. More than five-sixths of those polled said that they helped their wives in the matters of house-cleaning, floor polishing, dish drying and so on.

In spite of all the mechanical labor-saving appliances that are supposed to ease the job of housekeeping, most of the husbands said they were doing more work around the house than five years ago. All of which seems to confirm the belief among husbands that in spite of the march of science, the greatest labor-saving device at the beck and call of the average wife is the average husband.

—Winnipeg Free Press.

"Is Tom a confirmed bachelor?"

"He is now."

"How so?"

"Well, he sent his photograph to a Lonely Hearts Club and they sent it back with a note saying, "We're not that lonely."

Looking Back

Through Colonist Files

25 YEARS AGO—Victoria on Friday experienced her hottest day in fifty years, the official maximum temperature recorded at Gonzales Observatory being 92.2 degrees.

50 YEARS AGO—Latest mails from Atlin advise that owing to bad water the state of health there is far from satisfactory, with many of the inhabitants victims of typhoid.

85 YEARS AGO—His Excellency the Governor has appointed Thomas Trounce, James Lowe and Alfred Fellows, Esquires, to be members of the Court of Revision under the Trades Licences Act.

Island Teachers Accept Revised Wage Schedule

LADYSMITH, July 26.—Ladysmith-Chemainus District Teachers' Association has accepted the revised salary schedule suggested by trustees of Ladysmith School District No. 67. It will be put into effect September 1. It was pointed out, however, that the schedule was accepted "under protest", and with the understanding that negotiations on a revised salary schedule would be reopened this year.

Action followed a meeting with the board's salary committee which had advised acceptance because "the committee could not offer anything more than the proposed schedule as the budget for 1949 was set."

The teachers' committee previously rejected the revised schedule which offered elementary schools a minimum of $1,850, and a maximum of $2,750, and secondary schools, a minimum of $1,900 and a maximum of $3,350, with annual increments of $100 until the maximum is reached. The accepted schedule covers the period between September 1 and December 31.

A report on the Mid-Island Trustees' Association meeting was presented by F. Vandecasteyen. A resolution dealing with basic salaries, proposed for all member boards, was endorsed as a "move in the right direction."

All-Sooke Day To Mark 100th Year at Flats

SOOKE, July 26.—Annual All-Sooke Day at Sooke River Flats on Wednesday will commemorate the 100th anniversary of settlement of the district by Capt. W. Colquhoun Grant. The celebration will be opened by Hon. W. T. Straith, Minister of Education.

An historical pageant depicting the landing of Capt. Grant and John Muir, another early pioneer, will be staged at 2:30 p.m. Leonard Muir, great-grandson of Mr. Muir, will portray his ancestor.

There will be novelty and flat races for adults and children, men's half-mile and relay races, a horseshoe pitching contest, loggers' sports, a tree felling exhibition, midway with games of skill, a gold rush, baby show, barbecued beef and salmon, and Sooke clam chowder, tug-of-war, and a dance in Sooke Community Hall.

Loggers' sports will include log birling, tree and square timber chopping, log bucking, high rigging and a power saw contest. Dr. Russell Robertson will judge the baby contest. Traffic will be handled by Provincial Police and Sooke Boy Scouts. Members of the St. John's Ambulance Brigade, Girl Guides and the West Coast Ambulance will be on hand to render first aid.

Sooke Community Association committee chairmen in charge of the celebration include: Robert G. Gibson, president; Frank G. Gray, vice-president and dance arrangements; James Arden, sports; Andre Robillard, salmon barbecue; James Forrest, beef barbecue; P. W. de P. Taylor, reception; Dr. J. W. McCauley, publicity; D. J. DeRochie, prizes; Fred Thornber, store on grounds; Mrs. J. W. Soutar, tombola; Richard Cains, games; Robert Fitton and Reuben Acreman, gold rush; Mrs. H. L. Robertson, baby show; Charles Bickford, donations; R. Pinny and J. Davidson, horseshoe pitching, and Walter Conder, secretary.

Club Sponsors Show at Park

QUALICUM BEACH, July 26.—Second annual horse show and gymkhana, sponsored by the Qualicum Beach Rotary Club and the Silver Spur Riding Club, was held at Recreation Park last Saturday afternoon. Spectators packed the rails, despite adverse weather, and saw Myrya Baikie, 14, Comox, win the Grand Aggregate Trophy. Leland Edmundson, runner-up, was one point behind.

Rev. G. T. Pattison, Rotary Club president, opened the show. H. J. Welch, M.L.A., also spoke. Judges were Dr. R. Craig, a visitor from England, and Dr. Wallace R. Gunn, Victoria. Prizes were presented by G. F. Edgelow, Victoria, and E. D. Thwaites was commentator.

Results were: Saddle horse, 15 hands or over, Mrs. E. M. Waters; saddle horse, children's class, Cecily Cox; western parade horse, Gerald Edmundson; hunter hack, Myrna Baikie; western glamour, Mrs. M. Edmundson; open jumping, Myrna Baikie; bridle path hack, Leland Edmundson; pair of jumping horses, Gwen Jones and Myrna Baikie; best trained and conditioned horse, Mrs. D. Waters; children's musical stakes, Valerie Pemberton; adults' musical chairs, Leland Edmundson; bending race, Audrey Stevens; boot and balloon race, Myrtle Baikie, and V.C. race, Leland Edmundson.

Music was furnished by the 5th H.A.A. Regiment, R.C.A. Band from Victoria and the Port Alberni Girls' Drill Team led a parade from Benbow Inn. Miss Mary Duffy rode in a pioneer buggy driven by Thomas Allan. E. Low, Mrs. E. M. Waters, Mrs. Leland Edmundson and Dee Edmundson, four, represented four generations of riders.

Port Alberni Organizes International Contests

PORT ALBERNI, July 26.—The following rules have been drawn up for international power saw contests to be held in conjunction with loggers' sports and a track and field meet at Port Alberni on Labor Day:

Machines must be stock machines and conform to company specifications.

All machines will be checked before entering the competition.

Gasoline will be supplied by the sports committee, and tanks sealed by members.

Contestants wishing to use a special brand of oil must bring it in a factory sealed container to be opened by the sports committee.

Machines must be whole and complete in every respect.

If, in the opinion of the committee, there is an irregularity in any machine, the contestant must prove otherwise before entering the contest.

Contestants from the United States must send specifications of machines with entries.

Chains used in the contest must be of standard classification.

Chains used may be 3 millimeter or 3 millimeter as desired by the contestant.

The cutting bar shall be not less than 48 inches in length.

There shall be two cuts, one from the top down, and one from the bottom up.

To start the contest, machines may be warmed up, but stopped at the start and between cuts.

The entry fees will be $5.

Contestants failing to comply with the rules will be barred.

There shall be two classes, one restricted as to horsepower for small machines, and one open to all machines. This will be the championship class.

The preliminary run off will be held at 9:30 a.m., September 5, in Recreation Park.

The four machines making the best time will be in the final run off in the afternoon.

PATROL HIGHWAYS BETWEEN PORT ALBERNI AND VICTORIA

Photograph taken on Craig Street at Duncan shows Provincial Police officers who patrol Canadian Highway from Alberni Valley to Parksville, and part of Island Highway to Victoria city limits. Left to right: Constable M. R. Godfrey, Victoria; Constable E. C. Domay, Port Alberni; and Constable Robert Ring, Parksville.

Tito Troubles Mark of Hope

NANAIMO, July 26.—While there need be no misapprehension about Marshall Tito's allegiance to Communism, his recent differences with Moscow were one of the most hopeful signs of a weakening of the Red clutch on Europe, Dr. J. Krnjevic, former vice-premier of the Yugo-Slav Government in exile in England, said here in an interview on Tuesday.

Tito believes he is even a better Communist than the Soviet hierarchy, Dr. Krnjevic stated, and the mere fact that to some extent he gives the appearance of having got away with it, offers an indication of at least one break in the Red control, and an example to others who aspire to power that Moscow can be crossed.

PACIFIC PROVINCE

British Columbia has an area of 366,255 square miles.

Weather Forecasts

East Coast of Vancouver Island—Cloudy this morning clearing in afternoon. A little warmer. Northwesterly winds at 15 m.p.h.

West Coast of Vancouver Island—Cloudy. Little change in temperature. Northwesterly winds at 20 m.p.h.

Courtenay Police Chase Youth at Racing Speeds

COURTENAY, July 26.—John Robert Nyland, 18, was fined $100 and costs by Magistrate George Pidcock in Courtenay's first "hot rod" speeding case.

Police testified the youth "hit between 70 and 90 miles per hour" Saturday night while driving from Courtenay to Royston in a 1933 automobile with a "souped-up" 1941 engine.

Nyland, who paid the fine, also had his driver's licence suspended for six months.

New Teachers At Ladysmith

LADYSMITH, July 26.—Thirty-six elementary teachers and 24 secondary teachers made applications for positions on the staff of Ladysmith School District No. 67, F. Vandecasteyen, secretary-treasurer, reported to the school board.

Appointments for the 1949-50 term included: Ladysmith Junior-Senior High School, Miss May Stacey, Vancouver; Frederick George Elliott, Chemainus; Ashley Bodaly, Fort Langley, and James B. Webster, Vancouver.

Chemainus Elementary School, Miss Irene M. Gaddes, Westbank, and Miss Marion J. Sherman, Vancouver; Ladysmith Elementary School, Ronald T. Jones, Ladysmith. Other appointments are pending.

Samuel Woods Dies at Home

PORT ALBERNI, July 26.—Samuel Woods, 72, 611 6th Avenue North, died at his home here. He was born at Everett, Wash. He was a member of the Masonic Order for 40 years, and had been a tailor for 60 years. He is survived by his widow, Sarah, and several nephews.

The Mountainview Funeral Home is in charge of arrangements at Port Alberni. Remains will be shipped on Thursday to Vancouver for interment in Oak Lawn Cemetery.

The time used is Pacific Standard for the 120th Meridian west. The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tide rises or falls continuously during intervening times between the high and low waters as given. 0.6 foot must be subtracted from the heights in these tables to conform with the datum of soundings on the charts of the locality.

NOW! Dental Science Reveals a Startling Discovery in the Fight Against Tooth Decay

PROOF THAT BRUSHING TEETH RIGHT AFTER EATING IS THE SAFE, EFFECTIVE WAY TO

HELP STOP TOOTH DECAY with Colgate Dental Cream

X-RAYS SHOW HOW PROPER USE OF COLGATE'S HELPS STOP TOOTH DECAY!

Eminent dental authorities supervised 2 groups of college men and women for over a year. One group always brushed their teeth with Colgate's right after eating. The other group followed usual dental care. X-rays were taken at regular intervals.

The average of the group using Colgate Dental Cream as directed was a startling reduction in number of cavities—*for less tooth decay!* The other group developed new cavities at a much higher rate!

Regular visits to your dentist are necessary for complete dental care. No home method can help everyone; nor can it stop *all* tooth decay or help cavities already started!

The Most Important News in Dental History! Exhaustive Research on Hundreds of People by Eminent Dental Authorities Proves How Using Colgate Dental Cream Helps Stop Tooth Decay Before It Starts!

NOW dental science offers scientific, *proof* that brushing teeth with Colgate Dental Cream right after eating is an effective, *safe* way to help prevent new cavities, greatly reduce tooth decay!

More than a year's continuous research—hundreds of case histories—makes this the most important news in dental history!

For now—the same toothpaste you use to clean your breath while you clean your teeth—offers a safe, *proved* way to reduce tooth decay!

Colgate's Is Safe—Not An Experimental Formula!

Colgate Dental Cream has been proved to contain all the necessary ingredients—including an exclusive *patented* ingredient—for effective daily dental care. No risk of irritation to tissues and gums!

The Colgate Dental Cream now at your dealer's is the same formula that was used in the tests.

You can use Colgate's with confidence. And using it as directed is a safe, *proved* way to avoid needless cavities—actually help stop tooth decay at home!

To The Dental Profession

The research described here was conducted in leading dental clinics under the supervision of some of America's foremost dental research authorities.

A detailed report of the tests is now in preparation and will be available for your use and study in the near future. If you wish a copy, send your request on your own professional letterhead to Colgate, Toronto 8, Ontario.

These studies represent the most exhaustive evidence ever offered to the dental profession of actual reduction of cavities. They present scientific proof that always brushing teeth right after eating is one of the most effective ways yet known to help stop tooth decay before it starts. And Colgate Dental Cream is the only dentifrice that can prove the statements reported here.

NO CHANGE IN FLAVOR, FOAM, OR CLEANSING ACTION!

Millions know that Colgate Dental Cream cleans their breath while it cleans their teeth. That its wonderful wake-up flavor is preferred over all other dentifrices tested. That no other toothpaste does a better job of cleaning teeth. And there has been no change in Colgate's famous flavor—its marvelous foaming quality—or its safe and thorough cleansing action!

Mothers! Children Love Colgate's Flavor! It's Easy to Start Them On The Colgate Way To Reduce Tooth Decay!

9 out of 10 children have one or more decayed teeth by the time they enter school. So don't wait another day to start your children on Colgate Dental Cream. Teach them the importance of always brushing their teeth right after meals or snacks. They'll love Colgate's flavor—so it's easy to get them to use Colgate's correctly, give them all the benefits of this safe, *proved* way to reduce tooth decay!

THERE IS ONLY ONE COLGATE DENTAL CREAM!

YOUR DEALER HAS IT NOW—IN THE SAME FAMILIAR PACKAGE

Always use Colgate's to Clean Your Breath While You Clean Your Teeth and HELP STOP TOOTH DECAY!

* Right after eating

Well-Known Victoria Girl Married in England

Mrs. E. J. Uhthoff, 401 Constance Avenue, Victoria, exchanged vows with Mr. Trevor Charles St. Clair, son of Capt. Maurice St. Clair Thom, formerly of Little Grange, Orpington, Kent, now of 70 South Hill Road, Bromley, Kent, and the late Mrs. St. Clair Thom. Mrs. Thom is well known in Victoria, having spent most of her life here. She went overseas with the St. John Ambulance and nursed for a year at Worcester. She then took her training in Physiotherapy in London and is now a member of Chartered Society of Physiotherapy, having passed her final examinations early this month. Mr. Thom is with the Steel Company of Canada in Toronto and flew over to England on July 14 on a short leave. The honeymoon is being spent in Paris. The young couple will make their home in Toronto.

—Photo by Ken.

A wedding of wide interest here and in England was solemnized at Forest Row Church, Sussex, England, on Saturday, July 23, at 3 o'clock, when Muriel Irene Campbell, daughter of Mr. and

Social and Personal

His Honor the Lieutenant-Governor and Mrs. Charles A. Banks are extending their patronage to the International Horse Show to be presented Friday and Saturday this week at Callister Park, Vancouver.

The show is sponsored by the Vancouver Kinsmen Club and proceeds will aid their polio fund. Hon. Byron Johnson, Premier of the Province, and Mrs. Johnson will be among patrons. Others include Hon. Gordon S. Wismer and Mrs. Wismer, Hon. E. C. Carson and Mrs. Carson, Mrs. T. G. Rolston, Hon. E. W. Hamber and Mrs. Hamber, Dr. and Mrs. Norman A. M. MacKenzie, Mr. and Mrs. C. Wallace, Mr. and Mrs. Austin Taylor, Col. and Mrs. Victor Spencer and Mrs. B. T. Rogers.

* * *

Senator Ian Mackenzie, K.C., Ottawa, and Mrs. Mackenzie are taking up residence at 1480 Arbutus Road, Vancouver.

* * *

Miss H. E. Robertson of Victoria is holidaying at Jasper Park Lodge.

* * *

Mrs. A. G. Dobbie will entertain at her home on Monteith Street today in honor of her sister-in-law, Mrs. Walter F. Clarke of Salt Lake City.

* * *

Among Victorians who recently registered at British Columbia House, London, were Miss Kathleen Burt-Smith, Mrs. K. W. Trigance, Miss Patricia Byron, Mr. E. J. Constable and Mrs. W. G. Pird.

* * *

In honor of Miss Bernice Miller, an August bride-elect, a tea was held at the Olde England Guest House on Saturday afternoon by Mrs. T. D. McLaren and Mrs. R. C. Miller. The guests included Mrs. Thomas Miller, Mrs. C. H. Rennie, Mrs. H. S. Anderson, Mrs. R. S. Gray, Mrs. F. N. Thomas, Mrs. T. G. Dalzell, Mrs. M. Barnes, Mrs. W. Hatcher, Mrs. H. E. Brewster, of Seattle, and Miss K. Steven.

* * *

Mr. and Mrs. Will Burns who motored from Wauregan, Connecticut, are the guests of Mr. and Mrs. T. Handasyde, Dallas Road, and will also stay with other relatives during their six weeks visit in the city. They were accompanied on their two-month holiday by Mr. and Mrs. George Nuttall of Pittsfield, Massachusetts, who are at present the guests of Mr. and Mrs. James Stevenson, Menzies Street. En route east the party will drive across Canada making stops at many points of interest.

* * *

A linen shower complimenting Miss Phyllis Lea, an August bride-elect, was given by Mrs. V. Lea and Miss Marjorie Marsh at the latter's home, 784 Transit Road. The guest of honor received a corsage of roses and stephanotis together with a basket decorated in deep mauve and yellow with handle festooned with Summer lilac containing the pretty gifts. Carnations en corsage were presented to Mrs. A. E. Lea and Mrs. T. Holding, mothers of the bride and groom-elect. The guests also included Mrs. J. F. Marsh, Mrs. N. Williams, Mrs. H. Jeffrey, Mrs. S. Nash, Mrs. J. Jenkin and Misses Olive Douglas, Betty Langham, Susan Lee, Marion Kennedy, Simone Chevallier, Peggy Jarvis, Mary Liebhauser, Ruth Reid, Shirley Holmes and June Atkinson.

* * *

A number of 1946-47 Victoria Normal School graduates, attending Summer School of Education, met together during the tea hour on Saturday at the home of Mrs. Gladys Burns, 2257 West Thompson Street, when Miss Anne Carwithen and Miss Lorna Burns were co-hostesses at a triple presentation honoring three August brides-elect. Guests of honor, Miss Sylvia Abbott, Miss Betty Knudsen and Miss Perle Alaric were each presented with a gift and a corsage. Other guests present were Mrs. D. McKinnon, Misses Peggy Caldwell, Delores Ward, Lois Logan, Janie Ballard, Lucille Anderson and Betty Boulet.

* * *

Miss Isabel Jarvis, a bride-elect of this week, was honored Monday evening when ladies of Gorge Vale Golf Club entertained a a miscellaneous shower at the clubhouse with Mrs. J. Keown, Mrs. S. Paterson, Mrs. H. Pearce and Mrs. F. McPherson acting as hostesses. Corsages of sweet peas were presented to the guest of honor and Mrs. Hugh McIntyre, mother of the groom-elect. A large pink and white "wedding bell" held the many pretty gifts. Those present were Mrs. Hugh McIntyre, Mrs. B. Wakelin, Mrs. G. Lough, Mrs. M. Hulke, Mrs. D. Stott, Mrs. J. Rennie, Mrs. R. Rickenson, Mrs. J. Cooke, Mrs. W. McDonald, Mrs. G. Petch, Mrs. A. Swan, Mrs. J. Davis, Mrs. R. Franthorpe, Mrs. O. R. Carrol, Mrs. D. Panthorpe, Mrs. J. Clarke, Mrs. H. Kirkham, Mrs. J. Norsworthy, Mrs. C. Cross and Misses N. McConnel, F. Fry, D. Herbertson, U. Jacobson, B. Haig, I. Stott, D. Smith, A. Cosgrove, N. Corkle, I. Wilson and O. Cosgrove.

* * *

Mr. Fred Acreman, whose marriage to Miss Edith Joseph takes place shortly, was the guest of honor when members of the family gathered at the home of his cousins, Mr. and Mrs. J. S. Phillion, 10 Phillion Place, for a surprise party on Monday evening. The groom-elect was presented with a rose boutonniere and a handsome bridge lamp, while his fiancee received a silver bon-bon dish accompanied by a corsage of violas and rosebuds. Mrs. Ben Acreman, mother of the groom-to-be, also received a floral token. Musical entertainment was provided by Mr. Jeff Venables and Mr. Bunk McEwan. A buffet supper was served from a lace-covered table lighted by blue candles and centred with a silver deposit bowl of pink and white godetias and garden flowers. Mrs. Alex Stevenson and Miss Marion Stevenson assisted the hosts in serving. The guests were Mr. and Mrs. T. Handasyde, Mrs. J. Stevenson, Mrs. A. L. Stevenson, Mr. and Mrs. Will Burns, Wauregan, Conn.; Mr. and Mrs. George Nuttall, Pittsfield, Mass.; Miss Marion Stevenson, Mr. John Stevenson, Mr. Walter Acreman, Mr. Alex Stevenson, Jr., Mr. Robert Duncan, Mr. Bill Stevenson, Mr. Howard Jones, Mr. Tom Stevenson and Mr. Bill Fulton.

PLAN CARNIVAL

PARKSVILLE, July 26.—Saturday, August 13 is the date set by the Catholic Women's League to hold a carnival and bazaar at the Parksville Parish Hall. Entertainment will be carried on through the afternoon and evening and there will be stalls of home cooking, needlework and other items for sale in conjunction with a varied program. Convener for Parksville is Mrs. H. M. Renwick, and for Qualicum Mrs. F. Heywood with all members of the association assisting with the arrangements.

ANNUAL DINNER

LADYSMITH, July 26 — The Ladies' Auxiliary to the Canadian Legion, Branch No. 171, recessed for the Summer, will hold their annual dinner September 15, at Manana Lodge. Mrs. Jean Vandecasteyen, is in charge of dinner arrangements, and Mrs. Rae Allsopp, transportation.

New members enrolled at recent meeting were Mrs. Frances Carey and Mrs. Dorothy Dawson.

Baby Christened in Naval Chapel

Two-and-a-half-months-old daughter of Mr. and Mrs. K. Perry, 1524 Clawthorpe Avenue, Victoria, was christened in Naval Chapel, H.M.C. Dockyard, on Sunday morning with Padre G. L. Gillard, R.C.N. officiating. Baby received names Wendy Armina Marie and her godparents are Mr. and Mrs. E. S. Perry of Vancouver and Mr. and Mrs. James McLeod of Victoria.

Tea Realizes $215

The sum of $215 was realized at the tea held at the Chinese Catholic Mission School on Saturday afternoon which was arranged by the Sisters.

The tearoom was convened by Mrs. D. Kenny, assisted by members of the Catholic Women's League. There were stalls of fancywork and homecooking.

Mrs. C. Mulcahy was in receipt of customs, assisted by Mrs. Chambers.

The dairying industry of Canada is carried on under favourable [illegible] Ontario and Quebec.

Street-Length Evening Dresses Seen at London Fashion Show

LONDON, July 26 (CP)—Dress designers for the well-to-do have started to show sweltering buyers what women will wear when it's much, much cooler.

At a week-long fashion show which opened here yesterday, Norman Hartnell and Molyneux featured extremes between almost too much collar on top and hardly any top at all. Coolest number of Hartnell's show was a tea dance frock titled "Don't Dress." It looked like the manikin had taken it seriously.

The fur flew wildly during the rest of the Hartnell show. He had it on everything, top and bottom and on the sleeves.

NEW FEATURES

Molyneux's new features were huge collars that sloped down over narrow shoulders from the back of the head, and street-length evening dresses with cape-like overskirts that dragged over half the floor.

Last year's novel "Maypole" skirt, made of wide independent stripes of satin and slit high up, were given some swirling variations.

Molyneux's originals could be had for as little as 45 guineas ($189) or as much as 150 guineas, "depending on what you want."

Hartnell went in for detachable fur collars and capes. Molyneux showed swirling coats with checked wool linings made of the same material as the suit underneath.

Everything had pockets in it, some for putting things in and others puffed out at the hips to give women some odd shapes. One of Molyneux's pockets was stuffed with a big bunch of artificial roses.

Honored at Shower

LADYSMITH, July 26—Mrs. A. Pollock was hostess at a recent bridal shower, honoring Miss Marie Occardi, twin daughter of Mr. and Mrs. Valerio Occardi, of Clydebank, Scotland, whose marriage to Mr. John H. Peerless, eldest son of Mr. and Mrs. E. H. Peerless, Saltair, will take place at St. John's Church, Ladysmith, on Saturday at 7:30 p.m.

The event took place at the Parish Hall, attended by more than 40 persons. Assisting the hostess were Mrs. J. Hulme and Mrs. Rita Davidson. The bride-elect and Mrs. Peerless were each presented with corsages. Gifts were arranged in a miniature jeweler's shop, to resemble the shop where the guest of honor had been employed.

Military whist and other games were played. Piano accordian selections were given by Mrs. Frances Carey; solos by Miss Jackie Heyes. Among the prize winning guests were: Mrs. Fanny Wood, Mrs. Joseph Grouhel, Jr., Mrs. Sampson, Mrs. K. Dockerty, Mrs. G. Inkster, Miss Marta Sundberg, Mrs. Grace Axelson, Mrs. K. Williams, Miss Shirley Pollock, Miss Marian King, Miss J. Heyes.

COFFEE'S BIRTHPLACE

Coffee is known to have been first cultivated in Arabia about 575 A.D.

Elizabeth Holt Weds John Fisher

LONDON, July 26 (CP)—The marriage of Miss Elizabeth Holt, granddaughter of the late Sir Herbert Holt, Montreal financier, and John Fisher, grandson of Admiral Jack Fisher, First Sea Lord at the outbreak of the Great War, was announced today.

The ceremony took place yesterday at St. Michael's Church in London. The bride was given away by her father, Maj. Herbert Holt. The bridegroom, who is 28, is heir to his father's barony.

British Peers Help Wives With Dishes

LONDON, July 26 (Reuters) — Some British peers go home early from Parliamentary debates to help thir wives with the dishes, the House of Lords was told yesterday.

Lord Pethick-Lawrence, former Labor Secretary of State for India, said:

"I have heard it said in jest that your Lordships go home earlier than they would otherwise because peers have to help their wives with their washing up.

"From inquiries I have made among my fellow peers, there is a good deal of truth in that.

DUTIES NOT NEGLECTED

"While we do not neglect our duties, we, in common with large proportions of men throughout the country, find that we cannot expect our women folk to cater for all our needs and that they require some help from us. That is true I believe, of all classes of the community."

He was speaking about married women at work, in a debate on Britain's economic position.

"Bug Girls" Search Plane Passengers

NEW YORK, July 26 (CP)—The passenger boarding a plane at La Guardia field needn't be alarmed when "seafched" by a pretty young Miss wearing a beret bearing the initials "U.S.D.A."

No, she's not from the United States District Attorney's office. She's one of the four "bug girls" employed by the United States Department of Agriculture.

The girls are paid $48 a week to help prevent Japanese beetles from leaving the airport for Western Hemisphere regions not yet afflicted with the leaf-cutting insects.

All four girls are college students on vacation. Their counterparts—all men—are doing the same work at 42 other airports. They are on duty during the beetle season which runs from mid-July to mid-September.

Holidaying At Height On Island

Vancouver Island is enjoying one of its liveliest resort seasons in history—from the viewpoint of both hosts and holiday makers.

From Victoria to Sayward, visitors are vacationing in comfortable, spacious resorts, connected by [illegible] for themselves why Vancouver Island is winning a world reputation as a vacation land.

Most Vancouver Island resorts have everything the holiday maker could ask for: Fishing in lake, stream or sea; hunting in season; golf; tennis; yachting; swimming.

Many Vancouver Island resorts are famous for just good, comfortable relaxation in unrivaled scenic surroundings.

Some of the more curious vacationers will leave Vancouver Island richer for the knowledge of Indian lore and history learned from petroglyphs, natural caves and local museums scattered over Vancouver Island.

Almost all will be agreeably surprised at the high standard of hotel and restaurant service with other modern conveniences in camps set in the most natural woodland surroundings.

Gaining in popularity because of ample tourist accommodation is a motoring holiday taken by families who want to see as much of Vancouver Island as possible.

FREEDOM FROM UPPERS

VANCOUVER (CP). — An end to upper berths on Canadian Pacific Railway transcontinental trains is promised by Ian Warren, traffic manager. Mr. Warren announced that 19 new sleeping cars—minus uppers—will be in service before 1950. Each car will have ten roomettes and five bedrooms.

HARRINGTON, Northampshire, England (CP).—D.D.T. is to be used to save a 13th century church here. A solution of the pest killer is to be pumped into the church beams which are being eaten away by death watch beetles.

TAN without burning —use SUNBRELLA

Spreads easily. Not greasy or sticky. Dries quickly. Won't stain fabric.

Closer Ties With Schools Said Needed

A better understanding and closer relationship between schools and their staffs and business and professional men was advocated by H. E. Johnstone, principal of Seattle's Ballard High School, in a talk to the Kiwanis Club yesterday at the Empress Hotel.

"It must be remembered," he said, "that education too is a business. Our product is an important one."

IMPROVE SKILLS

Speaking as a high school principal, and on behalf of others in the teaching profession, Mr. Johnstone said "we are greatly concerned about improving ourselves and our skills insofar as teaching youth is concerned."

Mr. Johnstone is presently conducting classes at the local Summer School, being attended by teachers from throughout British Columbia. He noted the educational field had become "extremely professional" over recent years.

STANDARDS HIGH

With brief mention of his personal impressions of British Columbia schools and their teachers, Mr. Johnstone said the teachers of the province were "of a very high order . . . your boys and girls are in good hands."

President Don Smith announced the club's annual fishing derby would be held August 17 at Cowichan Bay. Members will attend a dinner that evening at The Anchorage.

VACATION GUIDE

According to Culbertson - - -

(Copyright, 1949, by Ely Culbertson)

South's bidding in today's deal was a shade unrestrained, but his play of the contract was a compensating factor.

South, dealer.
North-South vulnerable.

NORTH
♠ 9 6 4
♥ K Q 10 9 8
♦ K 8 2
♣ 9 7

WEST
♠ Q J 10 8
♥ 7 3 2
♦ Q 9 5
♣ 6 4 3

EAST
♠ 7 3 2
♥ 5 4
♦ J 10 6 3
♣ J 10 8 5

SOUTH
♠ A K 5
♥ A J 8
♦ A 7 4
♣ A K Q 2

The bidding:

South	West	North	East
3 N.T.	Pass	6 N.T.	Pass
7 N.T.	Pass	Pass	Pass

South's grand-slam bid was a stretch—but who can argue with success?

West led the spade queen. South won, promptly cashed his other spade trick, then ran the hearts. East's first discard was easy—he gave up his last spade—but the fourth heart forced a decision. East concluded that it was more dangerous to unguard clubs than diamonds, and so discarded the diamond three. This was a good decision, since the other discard would have automatically delivered four club tricks to the enemy.

South threw his spade on the fourth heart, and West gave up a low club. This sequence of discards from both sides of him convinced declarer that East had elected himself protector-of-the club suit, while West engaged to take care of spades and diamonds. South privately questioned West's ability in that respect, and set out to prove his point.

The fifth heart drew another diamond discard from East, and declarer followed that example. West parted with the spade eight. Now South cashed the three top clubs—and West was squeezed. If he surrendered his spade jack, dummy's nine would be good; when he actu- spade was thrown off from dummy, and the diamonds were all good.

Little Stories for Bedtime - - -

By THORNTON W. BURGESS

PETER SEES A SHADOW

A shadow comes, a shadow goes,
And what it is nobody knows;
Nobody knows what it may be
Unless beyond it they can see.

Peter Rabbit was frightened. Just how frightened he was he wouldn't have let Peddy the Beaver know for the world. The sight of that footprint of Yowler the Bobcat recalled to Peter all that he ever had heard about Yowler and his fondness for rabbit dinners. It was so insistent that he, Peter, should go home at once and keep away from the Green Forest. But he didn't want to appear frightened. He wished with all his might that he was at home that very minute. He dreaded the journey before him through the Green Forest. He felt like starting at once and running with all his might. But if he should do that Paddy would think him a coward. At least he was afraid that Paddy would.

So Peter sat still right where he was and tried to appear unconcerned as he asked Paddy questions about Yowler, but all the time he was straining his ears to catch every sound, and straining his eyes for the least suspicious movement.

Finally Paddy announced that he had too much to do to waste any more time talking and with a final warning to Peter he slipped into the water of his pond and swam away. Peter watched him and wished that he could swim like that. If only he could he would have no cause to worry on account of Yowler the Bobcat.

Paddy soon disappeared in the Black Shadows which lay across the pond and Peter turned to go home. Somehow he dreaded that trip home through the Green Forest. He would have to pass dozens of places in any of which Yowler might be hiding ready to spring out and catch him. So, instead of starting at once, Peter sat perfectly still in the shadow of an old stump trying to make up his mind to go. Peter was in a dreadful fix. He didn't dare stay. Can you imagine anyone in a worse fix?

So he sat there perfectly still, his eyes and his ears were busy every minute. He heard nothing suspicious. It was very still there deep in the Green Forest by Paddy's pond and such occasional sounds as did reach Peter's ears he recognized. There was nothing in any of them to cause him to be alarmed. But presently, just as he had at last made up his mind to start, he saw a shadow where the moonlight lay on the shore of Paddy's pond a little distance away. There were many shadows all about, but this one moved. At least Peter thought it did. He stared at it with all his might while little cold shivers played tag up and down his back. Perhaps he had been mistaken; the shadow wasn't moving now. Peter grew hopeful, but he continued to sit perfectly still and to stare at that shadow.

By and by he made up his mind that he had been mistaken and he was once more just about ready to start when he saw that shadow move again. This time he knew it did. There was no doubt about it, not the least doubt in the world. It had moved and it had moved in his direction. Somebody was stealthily stealing along the shore of Paddy's pond. What should he do? Peter was in a panic.

Next Story: Peter does the wise thing.

SECOND NEWS SECTION

NO. 192—NINETY-FIRST YEAR — VICTORIA, BRITISH COLUMBIA, WEDNESDAY, JULY 27, 1949

Swimming Trials Dominated by B.C.

Kay McNamee Sets Mark in Free Style—Norma Stewart is Victoria Winner

VANCOUVER, July 26 (CP).—A sparkling record-breaking performance by 18-year-old Kay McNamee of Vancouver and 19-year-old Vivian King of Winnipeg highlighted the first day's events of the British Empire Games swimming trials.

Competing in the senior women's 400-yard free style event, the two Western swimmers provided more than 800 spectators with the "dream match" of the year.

Kay's time of 5:03.4 smashed the standing Canadian record of 5:07.8 set by herself in March this year.

Miss King, who matched strokes with the Vancouver girl for 16 lengths of the 57-foot pool, also bettered the original record with a time of 5:03.8.

B.C. SWIMMERS SHOW WAY

British Columbia swimmers continued to lead the way in the other events, threatening to sweep the finals here tomorrow and Thursday.

Toronto's William Ross, a six-foot-four swimmer, racing in the colors of California Swimming Club, captured the 200-yard breast stroke, senior men.

The blond Easterner came from behind to pass Pete Salmon of Victoria in the stretch, and win by three feet. His time was 2:27.9, only three-tenths of a second off the existing Canadian mark.

The record of 2:27.6 is held by Salmon, who clocked 2:32.9 to finish runner-up to Ross.

Ross' performance confirmed earlier predictions that the 185-pounder, a comparative unknown here, would come through in the finals. His performance may merit a place on Canada's squad to New Zealand next February.

Vancouver's Irene Strong surged to victory in the 100-yard back-stroke final for senior women, clocking a fast 1:13.3.

JOAN MORGAN SECOND

Montreal's speedy Olympic star, Joyce Court, faded in the stretch to finish third behind Joan Morgan, of Victoria, B.C.

This was the first time Irene had raced in the event. Her time was just over a second more than the standing Canadian mark.

Norma Stewart, of Victoria, B.C., won the 100-yard breast stroke final with a time of 1:20.6. Vancouver's Dorothy Cook was second, with Toronto's Barbara Mowat winding up third.

A comparatively slow time of 58.6 was sufficient to ensure victory for Vic Chatt, Ocean Falls, B.C., in the final of the 100-yard free style, junior men.

RECOGNIZE RECORDS

Records broken at the trials will stand both as Canadian and Empire Games marks. Usual Games standard in each event is slightly above Dominion marks.

Games officials say fastest overall times in respective events will qualify contestants for Empire Games squad. Heat winners do not necessarily qualify.

Losing Sprees Only Part Of Team Jinx

LEAVENWORTH, Kas., July 26 (AP).—Trouble? Listen to this story of organized baseball woe.

It's about the Leavenworth Braves, a great losing club that makes records in reverse and keeps the fans coming back.

Trouble and the Braves joined up early; in the Hot Stove League, in fact.

LOST AGREEMENT

First they lost their working agreement with the Boston Braves. Next they almost lost their Western Association franchise.

These setbacks were overcome but it was only the beginning. They still had to play out the schedule. And that's no easy trick for the Braves.

They started off by losing 22 games in a row. That is supposed to be a record losing streak for the start of a season.

By the end of the first month the Braves had lost 26 games but they had won three. It appeared they might be coming out of it.

LOST 23 GAMES

Then they went on another losing spree. That time they outdid themselves and lost 23 before winning one. Now they appear to be in another tailspin. They have lost three in a row. Their record to date is: 18-75, .165.

Robert Ricketson, president of the "losingest" club in baseball, has tried everything he can think of. He even ran a help-wanted ad for players.

Bluejackets On Market; Citizens Act

BREMERTON, Wash., July 26 (AP).—The president of the Bremerton Bluejackets put his majority stock interest on the block today but a community drive was started immediately to assure keeping the Western International League franchise here.

W. W. Shepherd, the Bluejackets' president, said he hung the "for sale" sign on his holdings because he plans to move to Seattle within a month.

The campaign to raise funds to buy Shepherd's stock promptly got under way. Sponsored by the Bremerton Hot Stove League, a citizens' committee has been formed to spark the drive.

The Hot Stove League's board of directors has scheduled a meeting Wednesday afternoon in the office of Mayor L. Hum Kean to discuss details of the proposed purchase.

Prospective buyers from at least two other Pacific Northwest cities were reported negotiating for Shepherd's interest. They were not identified.

Homer Spoils No-Hit Effort

OAKLAND, Calif., July 26 (AP).—Earl Jones, Oakland pitcher, just missed a no-hit game tonight. Seattle's Al Lyons hit a home run into the right field seats in the ninth inning for the Rainiers' lone hit as Oakland won the opener of the Coast League series 4-1.

Clown Prince of Baseball

AL SCHACHT

Something unusual is in store for city diamond fans on Saturday when Schacht, baseball's most famous clown, puts on exhibition of his comedy at Royal Athletic Park prior to regular W.I.L. fixture between Victoria Athletics and league-leading Yakima Bears. Once major league pitcher of note, Schacht started his comedy routine by accident and parlayed it into one of game's most lucrative acts. He has played before estimated 70,000,000 fans. He is shown above with Pinky Higgins, then with Boston Red Sox, going through some of his paces at 1947 World Series.

Hold B.C. Hopes in Canadian Amateur Meet

BILL McCOLL

LAURIE ROLAND

BILL MAWHINNEY

—C.P. Photo.

Although Walt McElroy, last year Canada's leading amateur golfer, was upset in Canadian Amateur at Saint John yesterday, British Columbia still has three good chances to regain championship for Dominion. Now rated outstanding Canadian amateur, Mawhinney yesterday continued his fine form to move into next round with easy win. McColl, Victoria's representative on Willingdon Cup team, also moved ahead with hard-fought victory. Roland, B.C. junior champion, is also still in title hunt although given little chance to go much farther as competition gets progressively tougher. Favored to win are two American entries, Defending Champion Frank Stranahan and Dick Chapman, leading United States shotmaker. Both advanced yesterday with little trouble.

McElroy Upset Features Golf Meet; McColl Scores

By W. R. WHEATLEY

RIVERSIDE GOLF AND COUNTRY CLUB, Saint John, N.B., July 26 (CP).—Defending Champion Frank Stranahan slipped gracefully through his first test in the Canadian amateur golf championship here today but an unheralded Quebecer, R. H. (Sparky) Graham, stole the show when he knocked the Dominion's No. 1 ranking amateur, Walter McElroy, of Vancouver, out of the tournament.

NO FOOLING AROUND

Stranahan, Toledo, O., millionaire, had no trouble blasting a weak opponent, R. L. Davison of Amherst, N.S., 8 and 7 in the second-round match play. Stranahan won the first six holes and quickly ran out the string against his grey-haired opponent.

It wasn't such an easy assignment for Graham, who plays out of Royal Quebec. Graham is a five handicap player whose major distinction to date had been a consolation victory in the Quebec Amateur and a win in the Kent, Que., Open.

Graham snuffed out a one-hole lead at the 17th and then took the 18th when he drove the green at the 220-yard hole and McElroy was caught in a sand trap.

The Quebec golfer's accomplishment wasn't the only highlight for Canadian enthusiasts hopeful of supplying a successor to the two-year reign of Stranahan.

MAWHINNEY MOVES ON

Bill Mawhinney of Vancouver moved into tomorrow's third round by dispising easily of the home club's John Sayre, 8 and 7, firing a two-under-par 33 against his opponent for nine holes.

Phil Farley of Toronto Scarboro, Jerry Kesselring of Kitchener, Ont., Timmy Riddell of Montreal, and a capable band of others joined in the golfing assault on Stranahan.

Two 18-hole rounds are carded for tomorrow and Stranahan is drawn for the first against Nip Ross of Sydney, N.S.

Riddell defeated Bill Hamilton of Toronto Mississauga, the Royal Canadian Golf Association secretary, two up.

If Riddell gets by Glen Gray of Edmonton Mayfair, he will be likely tossed against Stranahan in another round tomorow afternoon.

Stranahan, given a bye in yesterday's opening round, wasn't the only American to have a say in what was going on.

SECOND U.S. THREAT

Dick Chapman of Osterville, Mass., romped through to an 8 to 6 victory over Bob Gray of Saskatoon Riverside. Chapman is in the lower half of the draw.

Chapman, one of the ace Americans entered in the hunt for Stranahan's scalp, has never met the Toledo strong man in major competition.

Bill McColl, Victoria Royal Colwood, defeated Percival Streeter, Saint John Riverside at the 20th.

Sports Fixtures Scheduled Today

SOFTBALL

6:45 p.m.—Senior "A" men, zone play-off, third game, Douglas Tire vs. Timber Service, Upper Central.

6:30 p.m.—Senior "B" men, Forest Products vs. Garrison, Bullen Park; Westinghouse vs. West Heat, Work Point.

6:46 p.m.—Senior "C" men, Evans, Coleman vs. Canadian Scottish, Heywood Avenue.

Aces Eliminate Cabbies; Bunch Hits for 4-2 Win

Bunching all their runs into one big inning, Brentwood Aces hurdled the first obstacle in their path towards the Zone I senior "A" men's softball championship by turning back Bluebird Cabs, 4-2, at Upper Central last night.

Victory was Suburbanites' second in the best-of-three quarter final series and advanced them into another best-of-three series against Chinese Students for the right to meet the Douglas Tire-Timber Service winner for the championship.

Brentwood Manager Rom Knott hooked up in a mound duel with Bluebirds' Al Majorki and Alf Aspinall and was in trouble only in the fourth inning when Cabbies scored both their runs. A walk, an error on an attempted sacrifice and Bill Allan's triple did the damage.

Brentwood tallied its runs in the bottom of the same inning. Hal Yardley led off with a triple and scored on Brian Sluggett's single. Ronnie Benn followed with another single and the final runs came in on Bill Benn's triple and an error.

		R.	H.	E.
Bluebird Cabs	000 200 000—	2	7	3
Brentwood Aces	000 400 00—	4	9	1

Batteries: Majorki, Aspinall (5) and Collins; Knott and R. Benn.

Douglas Tire and Timber Service hook up in the deciding game of their best-of-three series tonight with Brentwood and Chinese Students opening their series on Friday.

Adverts took the first game of their best-of-three semi-final series with Dodgerettes in the senior women's league play-offs by default.

Jokers Edge Bays, 15-14 On Booths' Late Marker

HOW THEY STAND

	W	L	GF	GA	Pct
Foul Bay	10	4	140	116	.714
Tillicums	5	8	111	129	.385
Jokers	5	8	116	120	.385

Next game, Thursday: Tillicums vs. Jokers.

A goal by Larry Booth, in the dying seconds of last night's box lacrosse game at Stevenson Park, enabled Manager Roy Woolsey's Jokers to eke out a 15-14 victory over the top-place Foul Bay club. The game had just about everything fans could wish for, in the last half, especially in the final minutes when the verdict hung on every play.

Jokers got away to a 3-1 first-period lead and stretched it to 9-4 at the midway point as Art McKim, filling in for Aln Thompson in the Foul Bay nets, had trouble with long shots.

In the third frame, Foul Bay marksmen had one of their hottest scoring streaks of the year to outscore winners, 7-2, and pull up at the three-quarter mark with the count squared at 11-11. Three successive tallies by Wilf Scott paced the uprising.

BRYANT GETS CONKED

Joker Goalie Joe Bryant was forced to leave the game with a minute and twenty seconds left in the third frame after being hit hard on the head by a high shot. Officials ruled the period over and the extra time was tacked on the final quarter.

Kenny Banks replaced Bryant and turned in a creditable performance by stopping five of eight shots. Harry Irwin's tally opened the last-period scoring to give the Gonsales squad a 12-11 edge, its only one of the game. Tommy Joyce put Jokers even again and Gordie Ellis gave them another lead only to have Jack Walker knot things once more.

ECITING FINISH

Al Rhodes moved Jokers ahead again by converting Joyce's pass but Tommy Halbert replied for Districtmen making the score 14-14 with half a minute remaining. Fans at this point were rabidly cheering their favorite team and at the same time preparing to sit back for an overtime session. Booth's game-winning effort ten seconds from time left nothing but smiles on the faces of Joker supporters.

Five goals by Dennis Atkinson paved the way to a 7-2 victory for Beavers over Fernwood Whites in a Pee Wee League preliminary.

HOW THEY STAND

Line-ups—

Jokers—Bryant, Bryce 2, Temple, Ellis 3, 4, Booth 3, Rhodes 1, Cunningham 1, Banks 2, Scroggie 1, Joyce 3, Pellow, Simcoe. Total 14.

Foul Bay—McKim, Thomas, J. Thompson, T. Bryce, Hudson 1, Irwin 7, K. Bryce 2, W. Scott 3, McKenzie 1, Walker 2, Halbert 1, L. Scott, Allison 1, Gardner. Total 14.

In early Rome the "evil eye" was so well recognized that special laws were enacted against injury to crops by fascination.

Solons Hurdle A's; Beard Takes Over

Salem Manager Drives in Five Runs In 12-10 Win—Series Finale Today

	W.	L.	Pct.
Yakima	65	33	.650
Vancouver	61	38	.616
Spokane	55	48	.534
Wenatchee	49	54	.476
Bremerton	46	57	.447
Salem	45	57	.441
VICTORIA	44	57	.436
Tacoma	42	63	.400

Victoria Athletes dropped back into seventh place in the W.I.L. last night when Salem Senators pounded out a 12-10 victory but fortunately lost no ground in their effort to reach the last play-off berth. Tacoma's trailing Tigers co-operated by blanking the fourth-place Wenatchee Chiefs to keep the A's only four games out of the first division.

JO-JO HIT HARD

Joe Blankenship, expected to be a big help in the late drive to first-division status but reportedly suffering from a sore arm, was no puzzle to the Solons. The right-hander, who set a league mark of 25 wins last season, went out under fire in the fourth to get charged with his third defeat in six decisions.

It was Manager Bill Beard who took on the task of halting the Salem slide towards the league dungeon. The veteran catcher hit the first of two home runs to give his club a 1-0 lead in the opening frame and then cracked out a bases-loaded triple in the middle of a six-run fourth which sent Blankenship to the showers and gave the visiting club a 9-0 lead. Beard completed an effective night's work in the sixth by reaching Relief-Pitcher Pete Vucurevich for his second circuit clout, this time with a man aboard. The blow plated what eventually proved to be the winning runs.

A's WAKE UP

Trailing, 9-0, as they went to bat in the fifth and with Len Noren's double their only hit, the A's finally caught up with Cal McIrvin, who had difficulty finding the plate. A base on balls, an error by Beard, doubles by Russ Walseth and John Hack, singles by Vic Bucolla and Charlie Balassi by Vic Bucolla and two-run homer did the damage.

McIrvin was replaced by Gene Peterson in the sixth when three walks, a fielder's choice and an outfield fly sent in two more runs and made it 11-8. Peterson managed to protect the lead although a base on balls followed by Hack's home run made it 12-10 in the eighth. The A's made only nine hits but five of them were for extra bases and they were helped along by 12 bases on balls. Three Salem double plays cleared up as many dangerous situations.

B. PETERSON CHASED

Umpire "Doc" Regele, back in the league again, tossed Salem Shortstop Bud Peterson out of the game in the sixth for complaining about a ball and strike decision. An argument also arose over Hack's home run, which lodged momentarily in the screen. Beard entered an official protest, which was nullified when his club won.

Final game of the series is set tonight. Pitching selections are unknown but it is likely that Jim Propst will get the Victoria assignment. The slim southpaw will be seeking his tenth verdict if he does.

Yakima Bears got off to a bad start in the first of three consecutive doubleheaders, losing both ends of a twin bill to the runner-up Vancouver Capilanos, 3-2 and 4-2. The twin setback cut the Bears' lead to three and a half games over the Caps.

A single by Bob McLean, following a walk, a sacrifice and an intentional pass, gave Caps the winning run in the opener. Bill Brenner's home run provided the winning margin in the finale.

Bremerton Bluejackets pushed over two runs in the bottom of the eighth to eke out a 4-3 decision over Spokane in their series opener with the Indians.

Tacoma Tigers backed Gordon Walden's four-hit pitching with a ten-hit attack, including homers by Ed Barr and Gordon Jones, to hand Wenatchee Chiefs a 6-0 whitewashing.

Dutch Woman Just Misses Channel Swim

DOVER, England, July 26 (INS).—Mrs. Willi Croes Van Rijsl, plucky 175-pound Dutch housewife, was forced tonight to abandon her attempt to swim the English Channel when choppy coastal waters exhausted her, one and a half miles off the English shore.

She was pulled out of the cold water in a strong swell and taken to a hospital, where she was placed in a hot bath and tucked into her bed to sleep off her fatigue.

The 31-year-old woman, a powerful swimmer, was in the water 14 and a half hours from the time she left the French coast.

She encountered good swimming conditions for three-quarters of the Channel course, only to be worn down in the last lap by a tide that had carried her southwest.

New Zealand XI Manages Third Successive Draw

MANCHESTER, England, July 26 (Reuters).—The third test cricket match between England and New Zealand, like the first and second, ended today in a draw.

New Zealand, batting first, scored 203 in its first innings and 348 for seven in the second. England tallied 440 for nine, declared, in their first innings.

Long before stumps were drawn it was obvious that the three-day match would end in a draw. What little hope the home eleven had after getting the first two New Zealand second innings' wickets for 58 was shattered when Bert Sutcliffe went on to reach his first test century in England and Martin Donnelly later hit a brilliant 80.

The three matches made clear that, unless they can get help from the pitch, England's bowlers are not good enough to defeat New Zealand, a fine batting side, in three days.

Trevor Bailey was the most efficient bowler for the English side, taking six wickets for 84 runs in New Zealand's first innings. He also scored a creditable 72 not out during the English inning.

The score card:

NEW ZEALAND, FIRST INNINGS, 203

Sarazen Speaks Out Against P.G.A. For Action in Barring Bobby Locke

By DAVIS J. WALSH

NEW YORK, July 26 (INS). — Caustic Gene Sarazen today flayed the Professional Golfers Association as a group of garrulous "Charley McCarthys" and said its barring of South African Bobby Locks was the "most disgraceful act in 30 years."

The "McCarthy" designation, it seemed, represented the great ex-champion's idea of a reputed juxtaposition now existing between the P.G.A. — and the laps of tournament sponsors.

The "Old Squire," who won his American and British titles from the likes of Hagen and Bobby Jones, always was quite a fellow for calling them as they fell, regardless of consequence and a flare of distemper in high places. But this time he exceeded himself. He was — to every practical purpose — really riled.

PERSONAL AFFRONT

He didn't, he said, know exactly what was behind yesterday's P.G.A. action in dropping the new British Open champion's name from its "at home" list. But, equally, he didn't care.

The important thing, in Sarazen's view, was that a personal affront had been offered a "gentleman and outstanding sportsman."

POOR RETURN

He found this poor return for what the British did in connection with the early developments of golf in America, saying:

"They (the English) did everything possible to encourage the American game when they were on top of the golf world.

"Without those early visits of Vardon and Ray, Harold Hilton, Joyce Wethered and others, there mightn't have been any Hagen, Quomet or Jones to highlight the lore of our American links. And so?

"So we repay that by barring the British Open champion over some tiff or other."

Yesterday's official decision, announced in St. Paul by Tournament Director George Schneider, declared Locke ineligible for further P.G.A.-sponsored events following his cabled withdrawal from the recent Inverness four-ball play at Toledo.

Next year's National Open championship was expected, however, to welcome beefy, knockneed Bobby and his glum, deadpan accuracy which had gained him some $60,000 in American prize money during the last two years.

Was that why the American pro was miffed at Bobby?

Sarazen either didn't know, or didn't want to. Instead, he offered this by way of acidulous farewell:

FAREWELL COMMENT

"That should be a great P.G.A. championship next year, with neither the British Open nor American Open champions participating. (National Open Champion Cary Middlecoff is technically ineligible for P.G.A. membership).

"Anyhow, the whole affair has been transformed frlom a molehill to a mountain and, as I look at it, the P.G.A. is apt to bury itself under that mountain."

Schmitz Stops Dodgers As Cards Extend Margin

St. Louis' rampaging Cardinals moved a game and a half in front of the Brooklyn Dodgers yesterday in the race for the National League pennant. The Redbirds came from behind to trounce the Phillies, 2-9, while Johnny Schmitz exercised his old mastery over the Dodgers by hurling Chicago Cubs to a 6-0 triumph.

Dick Sisler's two-run homer in the first put the Phils ahead but the Cards roared back in the third with four runs to take a lead they never relinquished. Two more runs in the fourth, featured by Stan Musial's second double, drove Robin Roberts from the mound. Southpaw Harry Brecheen drew credit for his eighth win.

Schmitz was complete master at Chicago with only two Brooklyn runners getting as far as third base with the Dodgers absorbing their fourth straight setback. Jackie Robinson picked up three of the losers' hits but they all came with no one on base.

MAKE HITS COUNT

Pittsburgh Pirates only made four hits but they were good for four runs as the Bucs downed the New York Giants, 4-1; to give Tiny Bonham his sixth successive victory. Dino Restelli connected for his ninth home run for the winners. In the other National League game, Cincinnati Reds handed Boston Braves their fourth straight loss and their sixth in seven games, winning 6-3. Sibi Sisti and Bob Elliott homered for the losers while Johnny Wyrostek hit one over for the Reds.

New York Yankees and Cleveland Indians, the American League leaders, took the day off and the next three clubs took advantage of their idleness by picking on the league trailers.

MOSES GETS 2,000TH HIT

Sam Chapman's tenth-inning single with two out drove in Eddie Joost with the winning run to give Philadelphia Athletics a 5-4 call over St. Louis Browns. Southpaw Alex Kellner went the route to hang up his fifth win over the Browns and his 14th in 19 decisions for the season. Joost blasted his 21st home run for the A's in the first inning while the veteran Wally Moses collected the 2,000th hit of his major league career, when he singled in the fifth.

Detroit Tigers handed the slumping Washington Senators their 11th straight setback by winning easily, 6-2. At Boston, the Red Sox broke loose for ten runs in the eighth to defeat Chicago White Sox, 11-2.

Albertans Upset B.C. XI On Story-Book Boundary

EDMONTON, July 26 (CP).—In a story-book finish, George Pain of Calgary today batted the first ball bowled to him for a boundary to give Alberta victory in the dying minutes of its match with British Columbia and the lead in the Dominion Cricket Tournament. Ontario took a close decision from Manitoba with only ten minutes playing time left.

British Columbia had scored 107 all out, and when the "last over"—eight more balls—had been called, Alberta had scored 104 runs for five wickets. The next two runs cost them three wickets, and when Pain went to bat there were four balls to go.

He connected with the first delivery by A. S. Hendy to score four runs, making Alberta's score 110 for eight.

ONTARIO COMES THROUGH

In the other match, Manitoba had 76 all out in play that was held up by heavy rain. Ontario faced the job of getting 77 runs in 85 minutes when they went to bat.

Lou Gunn, Allan Percival, Brian Magee and Bob Wilson did the trick. Ontario scored 78 for two wickets.

The results put Alberta ahead with 12 points. British Columbia has 10, Ontario has 7 and Manitoba has none.

The teams move to Calgary tomorrow to resume play Thursday in the round-robin tournament. The games are one-day, one-inning fixtures.

RAIN STOPS PLAY

Opening of the British Columbia-Alberta match saw Dr. D. R. S. Milne and Peter Hobson combine to pound out 38 runs before a heavy rainstorm halted play until after lunch. The B.C. team continued to bat until tea time, but tight fielding by Alberta kept the count down.

The Alberta team went to bat determined to stretch every hit to the utmost in runs. Pete Snell of Calgary led the batters with 38, including several boundaries, before being caught by Jack Adams, wicket-keeper.

Excitement in the crowd reached a high pitch as Alberta neared the British Columbia total and time ran short. Cullimore, Grant and Fraser were caught as they battled desperately for a win, and the veteran Vice-Captain Pain saved the day with his boundary.

In the other match, Manitoba got off to a slow start losing two wickets for only 15 runs before rain halted the game. To make the pitch playable after lunch, gasoline was poured on it and burned.

R. Syme and R. S. Brown proved a winning partnership at bat as play resumed and ran the score up to 67, taking many chances to stretch the score.

MANITOBA COLLAPSES

The last six wickets fell in rapid order for only 9 runs, with E. Boyden accounting for seven while allowing only 4 runs. Harrison and Stroud got one each.

Manitoba's fielding was flawless, but they were no match for Ontario as they went to bat inspired. Gunn and Percival ran the count up to 43 before Gunn was bowled by E. H. M. Burn. Magee was bowled on the second ball, and Wilson went in to work with Percival for the win.

Roof-Top Chip Shot Gives Lie to Alibis

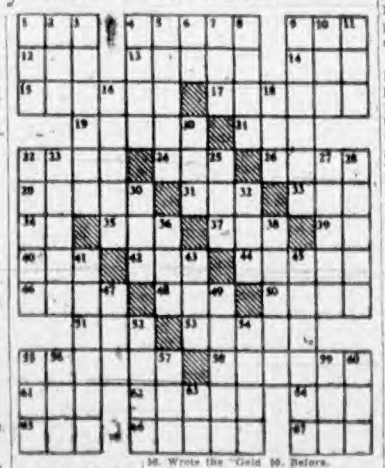

MADISON, Ind., July 25 (AP).—The next time your golfing opponent claims an unplayable lie, tell him about this:

Lee Pearson's second shot on the 18th hole landed atop the Madison Country Club's two-story clubhouse yesterday.

Pearson got a ladder, climbed to the roof, chipped over some trees onto the green—and holed a five-foot putt for par four.

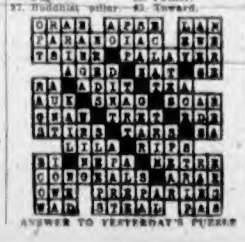

His 18-hole total was 86, good for only the third flight in the club tournament, for which he was attempting to qualify.

ANSWER TO YESTERDAY'S PUZZLE

Better Golf

By SAM SNEAD

Today I should like to emphasize the importance of swinging your club down to the ball inside-out across the direction line as pictured. A ball so hit, delivers the maximum of straight flight and at the far end of the shot such a ball has overspin that gives it a faint hook as the ball's momentum dies away. And, after hitting the ground, the overspin rolls the ball perhaps ten or 15 yards farther than if it did not have this overspin. To make certain that you get an inside-out swing, you should think of starting your hands down s-l-o-w-l-y from the top. And by down, I mean almost straight down. Your hip and shoulder pivot will carry the clubhead out and around so that your clubhead will retrace the path it made when you swung it back, around and up. Again notice in this picture that with the head held in the fixed address position, our player's left shoulder is rotating upward, the left arm and club-shaft are virtually straight and the right shoulder is rotating under the chin, while the uncocking hands are delivering the full power of the wrist-lash to ball. If you're a slicer, the chances are that you're an outside-in hitter with your hands ahead of the clubhead at impact.

Duncan Squad Surprises Tourists, 3-1

Duncan's strong baseball nine surprised last night by downing the touring California Mohawks, a team of touring collegiate stars, in the final game of a two-game series. The Mohawks, who have won 19 of 22 games on their current trip, fell 3-1 before the effective pitching of Tony Falk after having scored a 3-0 win on Monday evening.

Falk was in rare form last night, giving up but six hits and losing his shutout on the eighth when Ted Adkins, hard-hitting College of Pacific star, cracked out his second home run of the series. Duncan's first two runs came in the fifth when walks to Bill Symes and Jim Cain were followed by singles by Eric and Lyle Rogers. Each hit plated a run. A base on balls and an error gave the winners their final tally in the seventh.

On Monday, Doug English lost a well-pitched game when his mates failed to give him any runs.

Bolanos' Eye Stated on Mend

LOS ANGELES, July 26 (INS).—Lightweight Enrique Bolanos, T.K.O.'d last week by Champion Ike Williams, will retain the sight in his left eye, it was disclosed today.

Dr. R. J. Carreon, who removed eight stitches from the Mexican boxer's orb, said there had been no hemorrhage of the eyeball as was previously feared.

Bolanos suffered the injury during the bout.

WOMEN'S IRON PLAY

Mrs. L. J. Proctor won the silver division of the women's "iron" competition at the Victoria Golf Club yesterday with a net 83. Bronze laurels were taken by Mrs. J. Phethean, who carded a net 82.

Double Return Features Exhibition Park Racing

VANCOUVER, July 26 (CP).—A longshot victory, another large daily double and one of the most unusual races at Exhibition Park highlighted the racing on today's card.

The longshot triumph came in the first when Carol-Wynn, at juicy odds, romped home an easy winner by four lengths to pay off $48.70 for win bets, $23.40 to place and $9.40 to show.

Nibble, another outsider finished second in the same race to return $30.50 and $13.50.

Carol-Wynn's victory, coupled with favored Mabel Q's six-length victory in the second, posted a $220.90 daily double.

The unusual race was the eighth when Sweeping Manna with Jimmy Sivewright came out of the gate ninth in a ten-horse field and dropped down to last at the half-way point in the one mile and seventy-yard run before staging a tremendous back-stretch drive to get up to the leaders. He was an easy winner by six lengths.

FIRST RACE — Claiming; $850; three-year-olds and up; six furlongs.
Carol-Wynn (Matthews) $48.70 $27.40 $9.40

Joe Frumento Grabs Top Rung In Cowichan Bay 'Ladder' Derby

Joe Frumento has grabbed the top rung in the Cowichan Bay Salmon Club's $1,000 "ladder" derby. Frumento weighed in a 32-pound Spring late Monday to force other competitors with have weighed in fish down one notch.

L. C. Smith, the previous occupant of the top rung with an 18.8 pound catch, now holds down second place at the end of two weeks of the season-long competition which terminates at 9:30 p.m. Saturday, September 10. Following in order are Mrs. Lee Hallberg, 18.6 pounds; Mr. Wayman, 15.4 pounds; W. Hughes, Duncan, 9.4 pounds; J. McReady, Kokisilah, 7.8 pounds; Mrs. Gladys Merrick, six pounds; A. B. Clark, Duncan, 5.9 pounds, and Jack Phillips, five pounds.

Bucky Kennett, former club president and chairman of the prize committee, announced that Wayman was the top angler on last week's prize list, winning a reel. McReady, Mrs. Merrick and Phillips won a Thermos, script and box of chocolates, respectively, for their catches. Prizes for this week's top anglers include reel, fishing bag, compact, pipe and script.

Under the rules of the "ladder" derby, a weekly competition is staged, commencing Sunday mornings and ending at 9:30 p.m. the following Saturday, for a weekly list of prizes. Entrants weighing in fish are alloted one of the 50 rungs on the ladder until all spaces have been filled. From there, rungs are won only if the fish is heavier than the one on the lowest rung. The 50 anglers who have managed to retain their place on the ladder at the end of the competition will then fish off in a special derby on September 17 for a grand prize of $250 in cash and a second award of a $35 rod. Winner of the ladder competition will receive an engraved silver tray while a portable radio is the consolation award.

Dominion Cricket Teams May Engage In Series of Empire Test Matches

EDMONTON, July 26 (CP).—Possibility of a series of test cricket matches next year between Canadian teams and one from either Australia, New Zealand, the British West Indies or England will be discussed Friday at the annual meeting of the Canadian Cricket Association in Calgary.

L. W. Cunningham, vice-president of the Ontario Association, said here today the scheme has been under consideration for some time, and some money has been placed in a trust account towards it.

If the project is approved, the visiting team might tour the Dominion playing picked squads from each province, or alternatively an All-Star Canadian team. If the latter plan is followed the Canadian team will probably be picked by a selection committee composed of one member from each of the "playing" provinces.

Discussing player prospects for the squad, Cunningham said the brand of cricket being played this year by both Alberta and Manitoba is "vastly improved." He cited the clouting of George Pain, Calgary vice-captain of the Alberta team, who bowled 22 overs in a match with Ontario and was still going strong. "This was quite a feat of endurance," Cunningham said.

If the test matches with another nation are arranged, it may be necessary to discontinue the Dominion tournament, Cunningham said.

Baseball's Big Six

B.C. Bowlers Entrain August 7 For Month-Long Tour in East

VANCOUVER, July 26 (CP).—The annual British Columbia lawn bowling week past, attention now centres on the Eastern tour from August 7 to September 6 inclusive.

The tour is a return visit for that paid by Ontario to the West two or three years ago.

AT LEAST SIX RINKS

Officials are looking for at least 30 men to make the trip in order that at least six rinks can put on scheduled matches.

No games are arranged for ladies, although several of them have signified their intention of making the trip.

The party will leave Vancouver August 7 at 7:45 p.m. and will play games in Revelstoke, B.C., Calgary, Edmonton, Saskatoon, Regina, Winnipeg, Ottawa, Montreal, Belleville, Ont., Peterboro, Ont., Stratford, Ont., London, Ont., and Windsor, Ont. Bowlers from Buffalo, N.Y., will meet the Western party.

Members of the team will be required to wear cream or white trousers, white shirts and collars, brown bowling shoes, and a navy blue blazer or navy blue coat for all matches and team functions.

ISLAND BOWLERS SET

At present, Secretary C. B. Brydone-Jack has received indications that those ready to make the trip include: J. Whitelaw, President of the B.C.L.B.A., and Mrs. Whitelaw of New Westminster; Mr. and Mrs. W. G. Stephens, Vancouver; E. G. Ironside, Vancouver; W. Rickson, Courtenay; T. Broadbent, Vancouver; J. Johnson, West Vancouver; J. McMartin, Victoria, and himself.

The party leaves Toronto on the return trip on September 2, and arrive in Vancouver on September 6.

YACHT BUILDING PLANT ETC.

We offer an excellent boat building plant together with a well-built house and good cabin, the whole situated on four valuable lots at Maple Bay, Vancouver Island.

The property comprises:—

(1) A soundly built frame and siding boat plant with office and store room approximately 50' by 75' in size on two lots recently appraised at $10,000.
(2) A well built three-bedroom house, modernized ... of which is just being completed. It has also a large living-room finished in knotty pine, cabinet kitchen, electric range, four piece bathroom, utility room and usual other amenities.
(3) A good two-bunk cabin, fitted with housekeeping facilities.

All the above is for sale at

$17,750

All equipment, tools, jigs, motors, machine tools and all material for construction of the increasingly-popular ... and ... are also offered at valuation by agreement. This is a very attractive proposition to boat builders. It is located in sheltered waters on one of the loveliest bays in British Columbia, increasingly popular as a holiday resort and destined to be an important centre for the yachting fraternity.

SIDE-BY-SIDE DUPLEX

Situated near Oak Bay Ave [illegible] in the city is this very nice white siding duplex. It comprises two suites each with L.R. and F.P., two bedrooms and modern kitchen with gas range. Each has full cement basement with garage, tubs and furnace. Revenue is $101 per month. For sale to close an estate at $12,800

QUADRUPLEX CITY—CLOSE IN

You can live in this modern bungalow with hot water oil heating and live on the revenue from the three attached bungalows which are heated from the main house. This property was built just before the war [illegible] in new condition. Each unit has electric stove and water heater and built in bed. The home has oak floors in the main rooms and the kitchen is wired for range. Full basement, garage and laundry room. Nice garden lot. All this for only $14,000

SEA VIEW — 3 ACRES

Situated near View Royal. Drive your car up the winding drive and park by the patio, enter the knotty pine living room that is [illegible] long with solid oak floors and its windows take in a magnificent view. The fireplace is in a tapestry brick blending with bookshelves and walls, also 3 bedrooms, modern kitchen and dining-room, Pembroke bathroom and utility room heated with hot water. This is almost a new home and the rockeries and garden give ample scope to the home owner. This is a must. Price $11,000

NEW YORK, July 26 (CP). — The Canadian dollar was down 3-16 of 1 per cent at a discount of 5 5-16 per cent in terms of United States funds in closing foreign exchange dealings. The pound sterling was unchanged at $4.03¼.

PACIFIC GREAT EASTERN RAILWAY COMPANY

CONSTRUCTION DEPARTMENT

CONSTRUCTION OF RAILWAY QUESNEL NORTH MILE 14 TO MILE 30

NOTICE TO CONTRACTORS

SEALED Tenders, marked "Tender for Construction of Pacific Great Eastern Railway Quesnel North Mile 14 to Mile 30," chainage station 738 x 00 to station 1571 x 00, will be received by the Pacific Great Eastern Railway Company, Parliament Buildings, Victoria, B.C., up to 12 o'clock noon, Monday, August 8th, 1949, and opened in public at that time and date.

Plans, specifications, conditions of tender, etc., may be obtained from the offices of the Pacific Great Eastern Railway Company, Pender at Abbott, Vancouver, B.C., and from the Department of Railways, Parliament Buildings, Victoria, B.C., or from the undersigned, on deposit of a sum of Ten Dollars ($10.00), which will be refunded upon return of plans, etc., in good condition within a period of one month of the receipt of tenders, except in the case of the successful contractor where the plan deposit is not refundable.

Each tender must be accompanied by an accepted cheque made payable to the Minister of Finance for the amount of One Hundred and Twenty-Five Thousand Dollars ($125,000). This deposit shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelopes furnished.

The successful contractor must carry out the work in strict conformity with the contract and specifications. He will not receive any subsequent adjustment or settlement beyond the terms of the contract.

No tender will be accepted or considered that contains an escalator clause of any other qualifying conditions.

The lowest or any tender will not necessarily be accepted.

J. M. STEWART, Chief Engineer.

Pacific Great Eastern Railway Company, Construction Department, Parliament Buildings, VICTORIA, B.C. July 21st, 1949.

GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF PUBLIC WORKS

NOTICE TO CONTRACTORS

Proposed Overhead Crossing at Diamond Bridge, on Island Highway, 1½ Miles North of Ladysmith, Vancouver Island.

SUBSTRUCTURE

SEALED tenders, marked "Tender for Substructure, Overhead Crossing at Diamond Bridge," will be received by the Minister of Public Works, Parliament Buildings, Victoria, up to 12 o'clock noon, Monday, August 15th, 1949, for the above-described work.

Tenders will be opened in public in the office of the Minister of Public Works at the above-mentioned time and date.

Plans, specifications, etc., may be obtained from the undersigned or from the Department of Public Works, Court House, Vancouver, B.C., on deposit of the sum of Fifteen Dollars ($15); this deposit will be refunded upon the plans and specifications being returned within a period of one month of the receipt of tenders.

Each tender must be accompanied by an accepted bank cheque made payable to the Minister of Public Works, for the sum of Four Thousand Dollars ($4,000), which shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelopes furnished.

No tender will be accepted or considered that contains an escalator or any other qualifying clause.

The lowest or any tender will not necessarily be accepted.

H. C. ANDERSON, Chief Engineer.

Department of Public Works, Parliament Buildings, Victoria, B.C., July 25, 1949. P.W.M. 2117

Desert Love Song

By VIDA HURST

CHAPTER XVIII—Continued

"I shall love it. I am very lonely sometimes for congenial company." Did Margie imagine it or was there a definite emphasis on the adjective? No doubt she was refering to the artist who rented the little house in the garden.

"Will you have room for us?" Margie inquired.

"Plenty if you and your father don't mind using the same bathroom?"

"Certainly not. Oh it will be so good for him and I shall enjoy it, too." She smiled and suddenly Barry's faithlessness seemed less important. Margie leaned over and kissed the invalid's cool cheek.

"Thank you so very much, Mrs. Vance."

"Call me Blanche, Margie! Your father won't refuse to come, will he? You told me he disliked the country."

"He won't object to anything just now. He is so crestfallen over his experience with Drusilla."

"Then we shall expect you tomorrow."

"What about Phil? He will not mind having us here?"

"No! We have discussed it before. The only persons who will have any reason to object are the maids. It will be extra work for them but I shall raise their wages out of what you pay so everyone will be happy."

Drusilla Scott's name had not been mentioned. Margie suspected that she would not be pleased with the arrangement but at least Drusilla would not be a menace where her father was concerned. Maxwell didn't like the long-haired, artistic type and he would consider Blanche too old for him, although they were about the same age.

All the way to Tucson Margie was planning what she would say to Barry. His two weeks were not up yet but his visit was over so far as she was concerned. She had already moved the ring he had kissed on her finger. No matter what Blanche Tait had advised Margie knew her engagement to Barry must be broken.

CHAPTER XIX

Barry was waiting in the hotel lobby with an anxiety which would have been touching under other circumstances.

"I've been worried about you," he admitted. "Where have you been? You shouldn't run away like that without telling anyone."

Margie did not reply. She was still hurt and angry so they waited for the elevator in silence but when they left it Barry tried again.

"You're behaving like a school girl, Margie! Can't I have a drink in Helene's living-room without causing a scene?"

"There's more than that to it, Barry, and you know it. I'm never able to find you in the afternoon and now I understand why. You've been with Helene. Making love to her."

To her surprise he did not deny it. "I might remind you that the charming widow is more receptive than you are but I suppose that would be caddish."

"I'm not asking for any explanation. Here's your ring," she said, thrusting into his hand.

"Darling," he cried, "you can't mean that you would break our engagement for such a reason."

"I can't think of a better one," she declared coldly but there were tears in her eyes.

"You'll be sorry about this later, Margie."

"If I am I'll let you know. At the moment I just don't want to see you again."

"Shall I go home?"

"That's up to you. I won't be here anyway."

"And where do you think you're going?"

"Maxwell and I are moving."

"That won't be necessary. I shall go back to Chicago just as soon as I can make a reservation."

He was angry now and as he turned to press the bell for the elevator Margie wanted to plead with him to stay. She loved him but she would never feel sure of him again. He was still standing there as she opened her own door to find her father pacing back and forth between the two rooms.

"Well, where in the world have you been?" he cried with a mixture of exasperation and relief.

"I didn't intend to be gone so long," she explained. "Would you mind very much if we leave this hotel, Maxwell?"

"Where would we go?"

"To a ranch. We would be the only guests except an artist who rents a little house in the garden. It's realy a lovely place with a swimming pool and a patio where you could sit in the sun for hours."

"Sounds ghastly," he objected with a flair of his old spirit but his next words were proof of his increasing weariness, "Anything would be better than hanging around here. This hotel has brought me nothing but bad luck. The sooner we leave it the better."

She suspected that he was also eager to escape from the continual meetings with Helene but she had decided not to tell him the reason she was breaking her engagement with Barry.

Peggy's Mad At Us!

"The following is a letter in this morning's mail from "Peggy," our Vancouver & Eastern buyer:

DEAR GANG:

If I didn't need the dough, I'd quit. You've NO idea what I went thru to push all those chesterfield sets on that boat, so you could have them in time for your AUGUST SALE. After all . . . I'm only a gal who doesn't mind "going out to lunch" once in awhile, and listening to all "this" troubles (if I think there's a possible hope of selling his stuff at "MY" prices), nor do I mind chasing all over town, trying to find a place to park, looking at tapestries, damasks and covers till I'm dizzy, but I simply refuse in future to hang around on that dock till all hours of the nite, just to make A-B-S-O-L-U-T-E-L-Y sure the very last of that carload of chesterfields arrived in time for the SALE. And if you ONLY KNEW all the talking I had to do, to get "him" to build them at the price you suggested. I left the House, all smeared up in my white sharkskin (just home from the cleaners) and sporting my new flame-colored bag, and lid to match, and without stopping for a coffee, I drove straight to his factory. The two lads who whistled at me that before I went in, gave me added courage, so I just let the door slam behind me, without even turning around to acknowledge their salute. Believe you me, it makes a lady my age pretty happy at that hour in the morning to hear that low whistle. Anyhow . . . It was happens for the sharkskin. "Why . . . good morning," he said, "here you sit here . . . oh . . . excuse me . . . my phone. Now then . . . and WHAT brings you here at this hour of the day?" He knew DARN WELL what brot me there at that hour of the day, so I gave it to him in one big mouthful. "Look!" I blurted, "I got instructions to get a carload of chesterfields over to Victoria that they can sell (and I mean SELL) for under 100 smackers" . . . and here I coyly mentioned 98 bucks, and dropped my flame bag. That gave him a bit of time to pick it up, and coyly smile back with "Hah, eh?????" (with longer pauses between the m-m-m-m-m-m-m-m's). "Yep . . . that's it," I said, "so let's go look at your covers, cause I've another appointment at 10 o'clock." So we looked & I kept saying "Nope" . . . just Nope . . . like that . . . till finally he reached under the counter, and came up with the stuff you'll find on all those sets. When I saw it, we both just s-m-i-l-e-d . . . "and remember," I said . . . "they GOTTA be on that boat Sunday nite." "You can depend on me . . . you KNOW," he smiled again . . . and while I paused at the door, with one glove on the knob, I heard him ask if I was too busy as a career woman to . . . uh . . . join him for lunch. (The things I gotta eat for you guys). "After all" he said, "a bit order like this" . . . So I said . . . "it's the same place, eh" . . . "12 sharp." Ah . . . sure . . . he's a nice guy . . . but I'm not interested in boats or gardening . . . but I toyed thru a very nice salad and so was late for my afternoon appointment with that man who said he "COULD DO" as you wanted about the bedroom suites. The sharkskin held up here, too, tho I could detect a wrinkle or two. When I got home I flopped on the bed . . . kicked off the red shoes and said over 'n over again . . . "I quit . . . I quit . . . I quit . . . there MUST be an easier way of earning THAT much leisure." Well, so long for now . . . sure—sure . . . I'll get around to that other place tomorrow . . . for Pete's sake does EVERY-B-O-D-Y in Victoria want a chrome suite. "Peg" . . . Love . . . "Peg"

C'MON DOWN this morning and see these Chesterfield Suites. One is in the window . . . you won't even have to come inside . . . but YOU WILL.

City Now Has Power To "Take Over" Floats

Marine News

Through an order in council passed by Ottawa, Victoria's City Council now has the power to "take over" the city's new fishermen's floats, located at the foot of Erie Street.

This measure, it was learned yesterday, empowers the council to collect fees from fishing vessels' owners using the float facilities, and provide a full-time caretaker for the site.

Since they were completed some time ago, the fishermen's floats have been under the jurisdiction of the Department of Transport, and local officials of that Federal agency are wondering when the City Council is going to do something about the situation.

GIVEN REMINDER

It was learned yesterday that the City Council was reminded early last January that it would be able to take over the floats. A number of calls have been made by the [illegible] to the Council, but to date the latter body has evidently refused to consider the matter at all.

A local Chamber of Commerce official claims the city is "missing the boat" in this regard, pointing out that a considerable number of fishing craft are using the floats, and that "not a red cent" is being collected from them toward upkeep and maintenance.

Fishermen themselves have said they would be "only too glad" to pay a nominal fee, providing the floats were maintained, and that a full-time caretaker was there to keep an eye on the boats while owners were away.

City Officer Given Post

Lieut.-Cmdr. (S) Brenton W. Fairweather, R.C.N., 47, of Victoria, has been appointed supply officer of the Canadian Services College at H.M.C.S. Royal Roads, it was announced yesterday by Naval Headquarters.

He succeeded Acting Lieut.-Cmdr. (S) John W. Maxwell, R.C.N., 31, also of Victoria, who was promoted to that rank upon taking up his new duties as deputy supply officer of the cruiser H.M.C.S. Ontario.

Naval headquarters also report that Acting Lieut.-Cmdr. (S) D. Alan Collins, R.C.N., of Edmonton, formerly deputy supply officer of the Ontario, has taken over the post of victualling stores officer on the staff of the superintendent, H.M.C. Dockyard, Esquimalt.

All three officers joined the navy on the "lower deck."

NOTICE TO MARINERS

T. E. Morrison, local agent for the Department of Transport, yesterday issued the following notice to mariners:

Light anti-aircraft gunnery practice will be carried out from Macaulay Plains, Esquimalt, between 0900 and 1630 hours on July 27, 28 and 29. Practice will be conducted seaward in an arc between Great Race Rocks on the right and Brotchie Ledge on the left, and the danger radius will be 12,000 yards. Mariners are advised to use caution in this area while the practice is being carried out.

Mariners are also advised that the green light marking the hulks at Power River, B.C., will be suspended from the morning of July 23 until the evening of July 30, 1949.

* * *

SHIP IN LIVESTOCK

Enough livestock to start a fair sized ranch reached Quebec last week-end aboard the Donaldson Atlantic Line cargo ship Salacia. Arriving from Glasgow, the ship discharged an assortment of blue-blooded cattle that included 25 Romney Marsh ewes, a Galloway cow, one bull calf, 11 Shorthorn heifers, and an Ayrshire bull.

The sheep were bound for the Ministry of Agriculture, Colombia, while the Galloway cow, the young bull and the Shorthorn heifers were en route to a new owner near Mason City, Ill.

Among the ship's cargo were 8,000 cases of whisky for Ontario, 2,000 cases for Manitoba, 2,000 for Saskatchewan, and 1,500 cases for Chicago.

* * *

ABANDON VESSEL

T. E. Morrison, local agent for the Department of Transport here, yesterday reported receipt of a communication telling of two American fishermen who were forced to abandon their fishing vessel off the West Coast of Vancouver Island.

The vessel, as far as could be learned, was lost somewhere between Carmanah and Clo-oose. Names of the men or their boat were not included in information received here. It is understood the loss took place late Monday.

* * *

TRICKY FISHBOAT

C. Aubrey Cammidge, fisherman at suburban Steveston, escaped injury early yesterday when his 32-foot gillnetter twice rolled over on top of him in the Fraser River.

The accident happened when Cammidge stopped his craft to give the tug Protective the right-of-way. His Billy F was struck by two scows in tow of the tug. He dove into the water and his boat rolled on top of him.

He swam out, grasped the keel of the capsized boat, and the second scow hit, rolling the Billy F over again.

He was picked up by the tug.

* * *

BACK TO BOATS

Puget Sound fishermen went back to their boats yesterday.

Union and operators' representatives announced an end to the dispute that kept the fishermen in port and the canneries idle for the 1949 season's first week.

Announcements

Arts Centre of Greater Victoria, 823 Broughton Street. Loan exhibition of paintings opens Tuesday. Selections of canvases and water colors from local collectors representative of great masters, including a Turner, George Richmond, Samuel Palmer, Hosman Varley, and a number of others. C.C.F. Garden Party, Wed., Aug. 17, Wordsworth Hall, 857 Pandora.

New Canadians Display Handicrafts

—Colonist Photo

Displays of handicraft brought here by "New Canadians" from their former homes in various European nations are feature of the B.C. Indian Arts and Welfare Society handicraft fair which opened yesterday in Crystal Garden lower ballroom. In above picture, Mrs. A. Riekkstin, of 1256 Gorge Road West, in native costume of her first homeland, is seen with her colorful exhibition of handicraft from Latvia. Fair will be open today between noon and 10 p.m.

Handicraft Exhibits Colorful and Varied

No signs hang over the doorway claiming the display to be one of the most interesting and colorful staged here for some time, but that is the immediate impression gained by anyone seeing the exhibition of arts and crafts now under way in the lower ballroom of the Crystal Garden.

The handicraft fair, sponsored by the British Columbia Indian Arts and Welfare Society, features a collection of exceptionally interesting exhibits by "new Canadians" — people who have come to this country recently from such countries as Poland, Lithuania, Estonia, Yugoslavia, Denmark and the Ukraine.

SHOW WIDE VARIETY

These fascinating people, all of whom have done a wonderful job of learning English in a comparatively short time, are showing a wide variety of items made in German concentration camps and other places of the European continent.

They are glad—very glad—to be here. They are justly proud of their exhibits, many of which are tributes of the highest kind to their particular craft and talent. The slightest interest shown in any part of their display is immediately met with all the explanation they are able to provide.

Many of the exhibits are for sale, and among purchasers yesterday were a number of American visitors.

"This is art, with a capital 'A'," one such tourist was heard to say.

Visitors to the fair found it difficult to pin a "most interesting" label on any one of the exhibits. There is such a wealth of variety.

UNIQUE ILLUSTRATIONS

Attention was focused by many on two unique and beautiful illustrations woven in the rare Damask technique on a handloom. There are no less than 125 threads per square inch in the larger of the two exhibits. And if you are sufficiently interested — and money laden — you can purchase this item for $200. They are the work of a German refugee, Fritz Mueller-Soray.

There are draperies and fine embroidery works, brought here from Yugoslavia; and clothing and intricate lace work from Lithuania and Poland; handicraft from Latvia and Estonia.

In one corner of the large ballroom Ellen Neel was using a primitive, handmade adze to carve what will be an 18-inch Thunderbird totem pole. She started yesterday, and will continue throughout today's session of the fair. Doors will open at noon and close at 10 p.m.

Over a doorway hangs a small sign letting all know that one, Madame Astrea de Cosmos, is nearby to tell your fortune.

MASTERFUL WORK

You will be impressed by a large painting of a camel's head and a little Arabian girl — the masterful work of one, Eduard Wilralt, whose pictures have been displayed in London, Paris and Rome.

Ask the lady stationed at the Latvia stand for one of the sticker stamps which urges "Freedom for the Baltic States." In striking color, the small stamp shows a map of Estonia, Latvia and Lithuania. Over it sprawls a great red spider, weaving a web of barbed wire. The spider's back carries red stars and the hammer and sickle emblem.

Part of the show's proceeds will go toward a scholarship awarded recently to Miss Judith P. Morgan, talented British Columbia native girl whose art ability has attracted much interest. The Provincial Government has bought five of her paintings, and they will soon be on display in Ottawa.

SHOW LEATHERWORK

The fair also has many "closer to home" exhibits such as demonstrations in painting and embroidery work, and an interesting hobby-craft display featuring leatherwork, model aircraft and model ships. In addition there are a number of fine paintings, woven baskets and Victoria-made flower holders.

The flower holders, made locally by Mrs. Mattie E. Perry, received outstanding recognition throughout the United States some time ago.

Rev. E. P. Y. Simpson, M.A., B.D., of New Zealand, will give an illustrated lecture on Christian work in New Zealand, in Emmanuel Baptist Church tonight at 8 o'clock.

Salvage Collection for Fairfield, Fernwood, Mount Tolmie. We collect rags, paper, household mattresses and all kinds of bottles. Phone E 3413.

Tourists—Stay at the beautiful Clive Apartment Hotel, close to Oak Bay Golf Course and Beach. Victoria's newest apartment hotel. For reservations, phone E 9237.

Christie's Linen Store, closing out July 21st. Remainder of stock reduced to cost price, must clear out by Saturday 30th. 833 Fort Street.

The Grange, Mt. Newton Cross-road, for delicious afternoon teas in the atmosphere of the Old English Manor House.

Dr. Bernhard Kjekstad wishes to announce the opening of his offices at 812 Blanshard St. for the practice of general dentistry.

PLAN'S FIRST HARVEST

BRISBANE, Australia (CP).—First cargoes of grain sorghum grown in Australia under the British overseas food project were shipped to England recently. The project aims at production of coarse grain and pork for Britain on lands in central Queensland.

MANITOBA'S MAIDEN NAME

Manitoba was known as the Red River Settlement before its entry into Confederation in 1870.

Ex-Wrens Birthday banquet, Monday, August 29, Terry's Rose Room, 7:15 p.m., $2 per person. All Ex-Wrens welcome.

"Laurel Brae," Mill Bay. Fried chicken dinners, lunches, teas, rooms, fishing trips. D. Blyth, prop. Phone Cobble Hill 13I4.

The Chalet, Deep Cove. Chicken luncheons and dinners, Devonshire teas. Telephone Sidney 82F.

Ronsons Repaired while you wait, 25c to 86c including parts. 703 Fort St., Kilburger's the Jewelers.

Kilmalu, on shores of Mill Bay, for your vacation. Meals served. Phone Cobble Hill 5Y3.

Victoria Officers to Participate In Exercise Eagle Operations

A group of officers of the Canadian Scottish Regiment (Princess Mary's) will leave the city early next month to participate in Exercise Eagle in the vicinity of Fort St. John in the Peace River District.

They are Major H. S. C. Archbold, Major E. A. Stewart, Major P. F. Ragusay, Captain J. R. Warburton, Captain A. Strugnell, Captain [illegible] Macfarlane and Captain S. E. Park. Capt. S. A. Digby will attend as a member of the staff of the 15th Infantry Brigade. Three officers from the 5th B.C. Regiment (H.A.A.), R.C.A., will attend.

DEMONSTRATE ADVANCES

The exercise will be observed by representative officers of the Reserve Army, Western Command, and some will actually take part in the active army show. Purpose of the exercise is to demonstrate the latest advances in airborne army operations. The Princess Patricia Canadian Light Infantry will do parachute and glider landings in an area to be defended by the Reserve Army.

After Exercise Eagle, the officers will fly from Fort St. John to Whitehorse, Yukon Territory, from where they will proceed north in army vehicles to the Alaska border to study the defence of the Northwest Highway system.

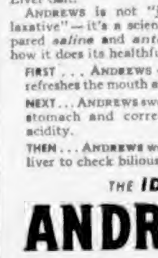

The officers will participate in Exercise North III, a continuation of last year's Exercise North II, a Reserve Army show. All branches of the service will participate in the tactical exercise, aim of which is to test methods of the modern army. The Royal Canadian Air Force will also participate.

GET MORE FUN out of your work, more fun out of your play by keeping yourself clean inside. Real inner cleanliness can put a new spring in your step, a brighter twinkle in your eye. So start tomorrow off with a sparkling, bubbling glass of ANDREWS Liver Salt.
ANDREWS is not "just another laxative"—it's a scientifically prepared *saline* and *antacid*. Here's how it does its healthful work:
FIRST . . . ANDREWS cleans and refreshes the mouth and tongue.
NEXT . . . ANDREWS sweetens sour stomach and corrects excess acidity.
THEN . . . ANDREWS works on the liver to check biliousness.
FINALLY . . . To complete your Inner Cleanliness, ANDREWS gently cleans the bowels. It sweeps away trouble-making poisons, corrects temporary constipation.
Try ANDREWS Liver Salt tomorrow morning. Get a package now. And insist on getting *real* ANDREWS . . . not a substitute.
THE *IDEAL* FORM OF LAXATIVE
ANDREWS LIVER SALT
WORLD'S LARGEST SELLER
INNER CLEANLINESS HELPS KEEP YOU FIT!

To get 50% MORE Jam or Jelly from your fruit use either CERTO or "CERTO" Crystals
NO TEDIOUS LONG-BOILING
One Minute only for both Jams and Jellies
When you use Certo or "Certo" Crystals your jams and jellies need only a ONE-MINUTE full, rolling boil. This short boil does more than save you time and work.
Since so little juice has time to boil away, you get an average yield of 10 glasses where old, long-boil would only yield about 6.
And the lovely taste and colour of fresh fruit stay in your jams and jellies because the boil is too short to spoil the one or dull the other.
SURE RESULTS EVERY TIME
If you follow EXACTLY the recipes that come under the label of every bottle of Certo or in every package of "Certo" crystals, *you'll have no failures.* You'll get lovely, sparkling jams and jellies every time. Different fruits need different handling, so there's a separate, easy-to-follow kitchen-tested recipe for each fruit.
Quick and Easy...Results are SURE
There's no guesswork in making jam or jelly with Certo Fruit Pectin or "Certo" Crystals. It takes no more time than to make a simple dessert. You get better set, better appearance, better taste . . . *and about 50% more jam or jelly from the same amount of fruit!*
Please yourself which you use. Certo and "Certo" Crystals are both nothing but fruit pectin . . . the natural substance in fruit that makes jams "jam" and jellies "jell" . . . extracted and concentrated for quicker, easier, *better* jam and jelly-making. The word "Certo" is a trade mark.

WASHINGTON, July 26 (AP).—Industrial production dropped in June for the seventh consecutive month, reaching a three-year low, the Federal Reserve Board reported. Many economists here think output will prove still lower this month.

SAN FRANCISCO, July 26 (AP).—Safeway Stores, Inc., and its consolidated subsidiaries reported a net income of $6,943,146 for the 24-week period ended June 18.

Montreal Stocks

MONTREAL, July 26 (CP).—Base metals and papers led securities higher on the Montreal Stock Exchange and Curb Market. Mines were mixed in light dealings. Industrial business was stagnant. Aluminum was one of the strongest gainers on the board.

NEW YORK, July 26 (AP). — Net income of United States Steel Corporation declined to $44,123,585 in the second quarter of the year. This compared with $49,928,670 for the first three months of 1949. Directors ordered a dividend of 50 cents a share on the corporation's new common stock.

Toronto Stocks

TORONTO, July 26 (CP). — The Toronto Stock Market picked up speed and seemed to be slowly shifting into high gear. Industrial issues were steady, golds mixed, base metals stronger, and Western oils fractionally declined. Textiles took a slight downward dip.

A Way to Participate in Western Oil Development

Many Canadians have been attracted by the great oil developments in Alberta and Saskatchewan and have asked how to participate in them.

We suggest that consideration be given to the new 5½% Convertible Sinking Fund Bonds of Husky Oil & Refining Ltd., which are convertible into Common Shares of the Company at the rate of 150 Shares for each $1,000 Bond and which carry a bonus of 40 Shares of Common Stock with each $1,000 Bond.

Husky Oil & Refining Ltd. owns a 5,000 barrel refinery at Lloydminster and its earnings in 1948 were sufficient to pay interest requirements on the new bonds three times before depreciation and depletion and over twice after depreciation and depletion.

The Company has six oil wells and a half interest in twelve additional oil wells, all of which produce the black asphalt base oil used in its refinery production of all grades of highway asphalt, briquetting asphalt, roofing material, fuel oil, diesel oil and Bunker "C" fuel oil.

The Company holds oil and gas rights in acreage held under leases and reservations in approximately 4,800,000 acres in Alberta and Saskatchewan and has an agreement providing for the execution of a formal contract with Phillips Petroleum Company of Oklahoma in connection with exploration and development.

A prospectus describing these new Bonds and the Company's operations and potentialities will be supplied gladly upon request.
